PROXY STATEMENT

GENERAL INFORMATION

We are providing this proxy statement in connection with the solicitation of proxies by and on behalf of our board of directors for use at our 2011 annual meeting of stockholders to be held on Wednesday, May 25, 2011 and at any adjournment or postponement of the meeting. We initiated the mailing of our proxy materials on or about April 25, 2011 to the holders of our class A and class B common stock at the close of business on March 31, 2011. The proxy materials include:

- the accompanying notice of the 2011 annual meeting of stockholders;
- this proxy statement;
- our 2010 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2010; and
- the proxy card (or voting instruction form if you hold your shares through a brokerage firm or other nominee).

We are furnishing our 2010 annual report to all of our stockholders entitled to vote at the 2011 annual meeting. We are not incorporating the 2010 annual report into this proxy statement and you should not consider the annual report as proxy solicitation material. The accompanying notice of annual meeting of stockholders sets forth the time, place and purposes of the meeting. Our principal executive offices are located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

Please refer to the Glossary of Terms on page ii for the definitions of certain terms used in this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: What is the purpose of the annual meeting?

A: At the annual meeting, stockholders will vote on the following, as described in this proxy statement:

- Proposal 1 – the election of the seven director nominees named in this proxy statement;
- Proposal 2 – the adoption of a nonbinding advisory resolution that approves the executive compensation described in this proxy statement (Say-on-Pay); and
- Proposal 3 – the approval, on a nonbinding advisory basis, of the preferred frequency stockholders will consider approving executive compensation (Say-When-on-Pay).

In addition, stockholders will vote on any other matter that may properly come before the meeting.

Q: How does the board recommend that I vote?

A: The board of directors recommends that you vote FOR:

- each of the nominees for director named in this proxy statement;
- the approval and adoption of proposal 2 (Say-on-Pay); and
- as set forth in proposal 3 (Say-When-on-Pay), the approval of an **annual** Say-on-Pay, as compared to every other year or every three years.

Q: Who is allowed to vote at the annual meeting?

A: The board of directors has set the close of business on March 31, 2011 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting. Only holders of our common stock as of the close of business on the record date are entitled to vote at the meeting. On the record date, 2,375,307 shares of our class A common stock and 10,000,000 shares of our class B common stock were issued and outstanding. Each share of our class A common stock entitles its holder to one vote. Each share of our class B common stock entitles its holder to ten votes with respect to the election of directors and one vote on all other matters.

Q: How do I vote if I am a stockholder of record?

A: If you own shares of our common stock directly with our transfer agent, Computershare, rather than through a brokerage firm or other nominee, you are a stockholder of record. As a stockholder of record, you may:

- vote over the internet at www.investorvote.com/CIX;
- vote by telephone using the voting procedures set forth on your proxy card;
- instruct the agents named on your proxy card how to vote your shares by completing, signing and mailing the enclosed proxy card in the envelope provided; or
- vote in person at the annual meeting.

If you are a stockholder of record (and not a brokerage firm or other nominee) and execute a proxy card but do not indicate how you would like your shares voted for one or more of the director nominees named in this proxy statement or the other proposals described in this proxy statement, the agents named on your proxy card will vote your shares on such uninstructed nominee or proposal as recommended by the board of directors in this proxy statement. To the extent allowed by applicable law, the agents will vote in their discretion on any other matter that may properly come before the meeting.

Q: How do I vote if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to vote your shares. In order to ensure your brokerage firm or other nominee votes your shares in the manner you would like, you must provide voting instructions to your brokerage firm or other nominee by the deadline provided in the materials you receive from your brokerage firm or other nominee. Brokerage firms or other nominees holding shares of record on behalf of a client who is the actual beneficial owner of such shares are authorized to vote on certain routine matters without receiving instructions from the beneficial owner of the shares.

Brokerage firms or other nominees may not vote your shares on the election of a director nominee or any of the other proposals in this proxy statement in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your brokerage firm or other nominee regarding the voting of your shares. If you do not instruct your brokerage firm or other nominee how to vote with respect to the election of a director nominee or on each of the other two proposals in this proxy statement, your brokerage firm or other nominee may not vote with respect to the election of such director nominee or on any uninstructed proposal and your vote will be counted as a “broker/nominee non-vote.”

“Broker/nominee non-votes” are shares that are held with a brokerage firm or other nominee for which the brokerage firm or other nominee does not have discretionary authority to vote on a particular matter in the absence of instructions from the beneficial holder. A broker/nominee non-vote regarding a particular director nominee or with respect to proposal 3 (Say-When-on-Pay) will not be counted as a vote cast and, therefore, will not affect the election of such director nominee or the approval of proposal 3. A broker/nominee non-vote with respect to proposal 2 (Say-on-Pay) will have the same effect as a vote against the adoption and approval of such proposal.

Q: Who will count the votes?

A: The board of directors has appointed Computershare, our transfer agent and registrar, to ascertain the number of shares represented, tabulate the vote and serve as inspector of election for the meeting.

Q: Is my vote confidential?

A: Yes. All proxy cards, ballots or voting instructions delivered to Computershare will be kept confidential in accordance with our by-laws.

Q: How do I change or revoke my proxy instructions if I am a stockholder of record?

A: If you are a stockholder of record, you may change or revoke your proxy instructions in any of the following ways:

- delivering to Computershare a written revocation;
- submitting another proxy card bearing a later date;
- changing your vote on www.investorvote.com/CIX;
- using the telephone voting procedures set forth on your proxy card; or
- voting in person at the annual meeting.

Q: How do I change or revoke my voting instructions if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to change or revoke your voting instructions or how to vote in person at the annual meeting.

Q: What constitutes a quorum?

A: A quorum is the presence, in person or by proxy, of the holders of a majority of the votes from holders of the outstanding shares of our class A and class B common stock, counted as a single class, entitled to vote at the meeting. Votes withheld from a director nominee and broker/nominee non-votes will be counted as being in attendance at the meeting for purposes of determining whether a quorum is present.

NL directly held approximately 86.9% of the outstanding shares of our combined class A and B common stock as of the record date. NL has indicated its intention to have its shares of our common stock represented at the meeting. If NL attends the meeting in person or by proxy, the meeting will have a quorum present.

Q: Assuming a quorum is present, what vote is required to elect a director nominee?

A: A plurality of affirmative votes of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, represented and entitled to vote at the meeting is necessary to elect each director nominee. You may indicate on your proxy card or in your voting instructions that you desire to withhold authority to vote for any of the director nominees. Since director nominees need only receive the plurality of affirmative votes from the holders represented and entitled to vote at the meeting to be elected, a vote withheld or a broker/nominee non-vote regarding a particular nominee will not affect the election of such director nominee.

NL directly held approximately 86.9% of the outstanding shares of our combined class A and B common stock as of the record date, which represents 98.4% of the votes for the election of each director nominee. NL has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement. If NL

attends the meeting in person or by proxy and votes as indicated, the stockholders will elect all of the nominees named in this proxy statement to the board of directors.

Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 2 (Say-on-Pay)?

A: The proposed stockholder resolution contained in this proposal provides that the affirmative nonbinding advisory votes of the majority of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, present in person or represented by proxy at the 2011 annual meeting and entitled to vote will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Accordingly, abstentions and broker non-votes will have the same effect as a vote against this proposal.

As already mentioned, NL directly held approximately 86.9% of the outstanding shares of our combined class A and B common stock as of the record date. NL has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR this nonbinding advisory proposal. If NL attends the meeting in person or by proxy and votes as indicated, the stockholders will, by a nonbinding advisory vote, approve this proposal.

Q: Assuming a quorum is present, what vote is required in proposal 3 (Say-When-on-Pay) to approve a certain frequency of future Say-on-Pay proposals?

A: Because there are multiple choices and this proposal is a nonbinding advisory vote, there is no minimum requisite vote under our certificate of incorporation, our bylaws or Delaware law to approve a certain frequency of future Say-on-Pay proposals. *Accordingly, if you indicate on your proxy card that you approve one of the options other than abstain, we will deem that you consent that a plurality of the affirmative votes of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, will determine the preferred frequency of future Say-on-Pay proposals, subject to the right of our board of directors to decide that it is in the best interests of us and our stockholders to hold a nonbinding advisory vote more or less frequently than the option our stockholders choose by a plurality of the affirmative votes.* Since this proposal needs only receive the plurality of affirmative votes from the holders of our outstanding class A and class B shares of common stock, voting together as a single class, represented and entitled to vote at the meeting to approve the preferred frequency of future Say-on-Pay proposals, an abstention or a broker/nominee non-vote on this proposal will have no effect on the outcome of this proposal.

As already mentioned, NL directly held approximately 86.9% of the outstanding shares of our combined class A and B common stock as of the record date. NL has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR an **annual** nonbinding advisory vote on our named executive officer compensation. If NL attends the meeting in person or by proxy and votes as indicated, the stockholders will, by a nonbinding advisory vote, approve an **annual** nonbinding advisory vote on our named executive officer compensation.

Q: Assuming a quorum is present, what vote is required to approve any other matter to come before the meeting?

A: Except as applicable laws may otherwise provide, the approval of any other matter that may properly come before the meeting will require the affirmative votes of the holders of a majority of the outstanding shares of our class A and class B common stock, voting together as a single class, represented and entitled to vote at the meeting. Broker/nominee non-votes will not be counted as votes for or against any such other matter.

Q: Who will pay for the cost of soliciting the proxies?

A: We will pay all expenses related to the solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to the solicitation by mail, our directors, officers and regular employees may solicit proxies by telephone or in person for which such persons will receive no additional compensation. Upon request, we will reimburse brokerage firms or other nominees for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of our common stock that such entities hold of record.

CONTROLLING STOCKHOLDER

NL directly held approximately 86.9% of the outstanding shares of our combined class A and B common stock as of the record date, which represents approximately 98.4% of the combined voting power of our class A and B common stock for the election of directors and 86.9% of the combined voting power of our class A and B common stock for other matters. NL has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement, FOR proposal 2 (Say-on-Pay) and, with respect to proposal 3, to approve an **annual** Say-on-Pay (Say-When-on-Pay), as compared to every other year or every three years. If NL attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will elect all of the nominees named in this proxy statement to the board of directors, will approve proposal 2 and, with respect to proposal 3, will approve an **annual** Say-on-Pay.

For the

purposes of calculating the percentage ownership of the outstanding shares of Valhi common stock as of the record date in this proxy statement, such shares are not deemed outstanding.

Dixie Rice is the direct holder of 100% of the outstanding shares of common stock of VHC. Contran is the beneficial holder of 100% of the outstanding shares of common stock of Dixie Rice.

Substantially all of Contran's outstanding voting stock is held by trusts established for the benefit of certain children and grandchildren of Harold C. Simmons, of which Mr. Simmons is the sole trustee, or held by Mr. Simmons or persons or other entities related to Mr. Simmons. As sole trustee of these trusts, Mr. Simmons has the power to vote and direct the disposition of the shares of Contran stock held by these trusts. Mr. Simmons, however, disclaims beneficial ownership of any Contran shares these trusts hold.

The Foundation is a tax-exempt foundation organized for charitable purposes. Harold C. Simmons is the chairman of the board and Serena S. Connelly is executive vice president of the Foundation.

U.S. Bank National Association serves as the trustee of the CDCT. Contran established the CDCT as an irrevocable "rabbi trust" to assist Contran in meeting certain deferred compensation obligations that it owes to Harold C. Simmons. If the CDCT assets are insufficient to satisfy such obligations, Contran is obligated to satisfy the balance of such obligations as they come due. Pursuant to the terms of the CDCT, Contran retains the power to vote the shares held by the CDCT, retains dispositive power over such shares and may be deemed the indirect beneficial owner of such shares.

Contran sponsors the CMRT to permit the collective investment by master trusts that maintain assets of certain employee defined benefit plans Contran and related entities adopt. Harold C. Simmons is the sole trustee of this trust and a member of the investment committee for this trust. Contran selects the trustee and members of this trust's investment committee. Glenn R. Simmons and Steven L. Watson are members of Contran's board of directors and along with David A. Bowers, Serena S. Connelly, Darryl R. Halbert, J. Mark Hollingsworth and Kelly D. Luttmer are participants in one or more of the employee defined benefit plans that invest through this trust. Each of such persons disclaims beneficial ownership of any of the shares this trust holds, except to the extent of his or her individual vested beneficial interest, if any, in the plan assets this trust holds.

Harold C. Simmons is the chairman of the board and chief executive officer of NL and the chairman of the board of each of Kronos Worldwide, TIMET, Valhi, VHC, Dixie Rice and Contran.

By virtue of the holding of the offices, the stock ownership and his services as trustee, all as described above, (a) Harold C. Simmons may be deemed to control certain of such entities and (b) Mr. Simmons and certain of such entities may be deemed to possess indirect beneficial ownership of shares directly held by certain of such other entities. However, Mr. Simmons disclaims beneficial ownership of the shares beneficially owned, directly or indirectly, by any of such entities, except to the extent of his vested beneficial interest, if any, in shares held by the CDCT or the CMRT. Mr. Simmons disclaims beneficial ownership of all shares of our common stock beneficially owned, directly or indirectly, by Kronos Worldwide or NL.

All of our directors or executive officers who are also directors or executive officers of Kronos Worldwide, NL or their affiliated entities disclaim beneficial ownership of the shares of our common stock that such entities directly or indirectly hold.

Annette C. Simmons is the wife of Harold C. Simmons. Mrs. Simmons disclaims beneficial ownership of all shares that she does not own directly. Mr. Simmons may be deemed to share indirect beneficial ownership of her shares. He disclaims all such beneficial ownership.

The Grandchildren's Trust is a trust of which Harold C. Simmons and Annette C. Simmons are co-trustees and the beneficiaries of which are the grandchildren of Annette C. Simmons. Mr. Simmons, as co-trustee of this trust, has the power to vote and direct the disposition of the shares this trust directly holds. Mr. Simmons disclaims beneficial ownership of any shares that this trust holds.

Contran is the sole owner of Valhi's 6% series A preferred stock and a trust related to Harold C. Simmons is the sole owner of VHC's 2% convertible preferred stock. Messrs. Harold and Glenn Simmons and Watson each hold of record one director qualifying share of Dixie Rice. Ms. Connelly directly holds less than 1.0% of Contran's class A common stock.

NL has pledged 1,747,172 shares of Kronos Worldwide common stock as security and 381,104 shares of our class A common stock as security. VHC has pledged 8,577,160 shares of Valhi common stock as security and 12,878,081 shares of TIMET common stock as security. Contran has pledged 864 shares of Valhi's 6% series A preferred stock as security.

Shares owned by Contran or its related entities or their executive officers or directors may be held in margin accounts at brokerage firms. Under the terms of the margin account agreements, stocks and other assets held in these accounts may be pledged to secure margin obligations under these accounts. Harold C. Simmons holds 474,009 shares of NL common stock, 157,433 shares of Kronos Worldwide common stock,

- (1) Except as otherwise noted, the individuals or group have sole investment power and sole voting power as to all shares set forth opposite their names.
- (2) The percentages are based on 48,656,884 shares of NL common stock outstanding as of the record date.
- (3) The percentages are based on 113,253,418 shares of Valhi common stock outstanding as of the record date. NL, one of its wholly owned subsidiaries and Kronos Worldwide directly hold 3,604,790, 1,186,200 and 354,537 shares of Valhi common stock, respectively. Since NL and Kronos Worldwide are majority owned subsidiaries of Valhi and pursuant to Delaware law, Valhi treats the shares of its common stock that NL, its subsidiary and Kronos Worldwide hold as treasury stock for voting purposes. For the purposes of calculating the percentage ownership of the outstanding shares of Valhi common stock as of the record date in this proxy statement, such shares are not deemed outstanding.

CORPORATE GOVERNANCE

Controlled Company Status, Director Independence and Committees. In January 2011, we transferred the listing of our class A common stock from the NYSE to the AMEX. Because of NL's ownership of 86.9% of the outstanding shares of our combined class A and B common stock, which represents approximately 98.4% of the voting power for the election of directors and 86.9% of the voting power for other matters, we are considered a controlled company under the listing standards of the AMEX. Pursuant to the listing standards, a controlled company may choose not to have a majority of independent directors, independent compensation or nominations committees or charters for these committees. We have chosen not to have a majority of independent directors or an independent nominations committee or charters for our compensation or nominations committees. Our board of directors believes that the full board of directors best represents the interests of all of our stockholders and that it is appropriate for all matters that would otherwise be considered by a nominations or risk oversight committee to be considered and acted upon by the full board of directors. Applying the AMEX director independence standards without any additional categorical standards, the board of directors has determined that Norman S. Edelcup, Edward J. Hardin and Ann Manix are independent and have no relationship with us that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. While the members of our management development and compensation committee currently satisfy the independence requirements of the AMEX, we have chosen not to satisfy all of the AMEX listing standards for a compensation committee.

In determining that Mr. Hardin has no material relationship with us other than serving as our director, the board of directors considered the following relationship:

- Contran and its related entities, including us, engaged and paid in 2008, 2009 and 2010 to Rogers & Hardin LLP, a law firm of which he is a partner, in the aggregate approximately \$43,100, less than \$1,000 and \$0, respectively, in fees and expenses for legal services Rogers & Hardin LLP rendered to such entities.

The board determined that Mr. Hardin did not have a direct or indirect material interest in these transactions based on a representation from him that such amounts paid to Rogers & Hardin LLP during each of the last three years was less than 5.0% of the consolidated gross revenues of Rogers & Hardin LLP for the respective year.

2010 Meetings and Standing Committees of the Board of Directors. The board of directors held three meetings and took action by written consent on three occasions in 2010. Each incumbent director participated in all of such meetings and of the 2010 meetings of the committees on which he or she served at the time. It is expected that each director will attend our annual meeting of stockholders, which is held immediately before the annual meeting of the board of directors. All of our directors attended our 2010 annual stockholder meeting.

The board of directors has established and delegated authority to two standing committees, which are described below. The board of directors is expected to elect the members of the standing committees at the board of directors annual meeting immediately following the annual stockholder meeting. The board of directors from time to time may establish other committees to assist it in the discharge of its responsibilities.

Audit Committee. Our audit committee assists with the board of directors' oversight responsibilities relating to our financial accounting and reporting processes and auditing processes. The purpose, authority, resources and responsibilities of our audit committee are more specifically set forth in its charter. Applying the requirements of the AMEX listing standards (without additional categorical standards) and SEC regulations, as applicable, the board of directors has determined that:

- each member of our audit committee is independent, financially literate and has no material relationship with us other than serving as our director; and
- Mr. Norman S. Edelcup is an "audit committee financial expert."

Through March 2010, the members of our audit committee were Norman S. Edelcup (chairman), Paul M. Bass, Jr. and Ann Manix. Mr. Edelcup (chairman), Edward J. Hardin and Ms. Manix currently serve on this committee. No member of our audit committee serves on more than three public company audit committees. For

further information on the role of our audit committee, see the Audit Committee Report in this proxy statement. Our audit committee held eight meetings in 2010.

Management Development and Compensation Committee. The principal responsibilities of our management development and compensation committee are:

- to recommend to the board of directors whether or not to approve any proposed charge to us or any of our privately held subsidiaries pursuant to an ISA with a related party;
- to review, approve and administer certain matters regarding our employee benefit plans or programs, including annual incentive compensation awards;
- to review, approve, administer and grant awards under our equity compensation plan; and
- to review and administer such other compensation matters as the board of directors may direct from time to time.

Through March 2010, the members of our management development and compensation committee were Paul M. Bass, Jr. (chairman) and Ann Manix. Ms. Manix (chairwoman) and Norman S. Edelpcup currently serve on this committee. As discussed above, the board of directors has determined that each member of our management development and compensation committee is independent by applying the AMEX director independence standards (without additional categorical standards). In certain instances under our 1997 Long-Term Incentive Plan, a plan allowing for grants of cash or equity performance awards, the management development and compensation committee may delegate its authority to administer this plan to certain individuals, which delegation authority the committee has not utilized. With respect to the role of our executive officers in determining or recommending the amount or form of executive compensation, see the Compensation Discussion and Analysis section of this proxy statement. With respect to director compensation, our executive officers make recommendations on such compensation directly to our board of directors for its consideration without involving the management development and compensation committee. Our management development and compensation committee held one meeting in 2010.

Risk Oversight. Our board of directors oversees the actions we take in managing our material risks. Our management is responsible for our day-to-day management of risk. The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to the board and the related board discussions. The board has delegated some of its primary risk oversight to our audit committee and management development and compensation committee. Our audit committee annually receives management's reports and assessments on, among other things, the risk of fraud, certain material business risks and a ranking of such material business risks and on our insurance program. The audit committee also receives reports from our independent registered public accounting firm regarding, among other things, financial risks and the risk of fraud. Our management development and compensation committee receives management's assessments on the likelihood that our compensation policies and practices could have a material adverse effect on us, as more fully described in the Compensation Policies and Practices as They Relate to Risk Management section of this proxy statement. The audit committee and management development and compensation committee report to the board of directors about their meetings. We believe the leadership structure of the board of directors is appropriate for our risk oversight.

Identifying and Evaluating Director Nominees. Historically, our management has recommended director nominees to the board of directors. As stated in our corporate governance guidelines:

- our board of directors has no specific minimum qualifications for director nominees;
- each nominee should possess the necessary business background, skills and expertise at the policy-making level and a willingness to devote the required time to the duties and responsibilities of membership on the board of directors; and

- the board of directors believes that experience as our director is a valuable asset and that directors who have served on the board for an extended period of time are able to provide important insight into our operations and future.

In identifying, evaluating and determining our director nominees, the board of directors follows such corporate governance guidelines. The board also considers the nominee's ability to satisfy the need, if any, for required expertise on the board of directors or one of its committees. While we do not have any policy regarding the diversity of our nominees, the board does consider the diversity in the background, skills and expertise at the policy making level of our director nominees, and as a result our board believes our director nominees do possess a diverse range of senior management experience that aids the board in fulfilling its responsibilities. The board of directors believes its procedures for identifying and evaluating director nominees are appropriate for a controlled company under the AMEX listing standards.

Leadership Structure of the Board of Directors and Independent Director Meetings. As discussed before, Glenn R. Simmons serves as our chairman of the board and David A. Bowers serves as our vice chairman of the board, president and chief executive officer. Pursuant to our amended and restated corporate governance guidelines, our independent directors are entitled to meet on a regular basis throughout the year, and will meet at least once annually, without the participation of our other directors who are not independent. While we do not have a lead independent director, the chairman of our audit committee presides at all of the meetings of our independent directors. The board of directors believes our leadership structure is appropriate for a controlled company under the AMEX listing standards. The board of directors believes our leadership structure is appropriate because the board recognizes that while there is no single organizational structure that is ideal in all circumstances, the board believes that having different individuals serve as our chairman of the board and as our chief executive officer provides an appropriate breadth of experience and perspective that effectively facilitates the formulation of our long-term strategic direction and business plans. In addition, the board of directors believes that since Glenn R. Simmons is employed by Contran, which indirectly through related entities holds a majority of our outstanding common stock, his service as our chairman of the board is beneficial in providing strategic leadership for us since there is a commonality of interest that is closely aligned in building long-term stockholder value for all of our stockholders. In 2010, we complied with the NYSE requirements for meetings of our independent directors.

Stockholder Proposals and Director Nominations for the 2012 Annual Meeting of Stockholders. Stockholders may submit proposals on matters appropriate for stockholder action at our annual stockholder meetings, consistent with rules adopted by the SEC. We must receive such proposals not later than December 27, 2011 to be considered for inclusion in the proxy statement and form of proxy card relating to our annual meeting of stockholders in 2012. Our bylaws require that the proposal must set forth a brief description of the proposal, the name and address of the proposing stockholder as they appear in our records, the number of shares of our common stock the stockholder holds and any material interest the stockholder has in the proposal.

The board of directors will consider the director nominee recommendations of our stockholders in accordance with the process discussed above. Our bylaws require that a nomination set forth the name and address of the nominating stockholder, a representation that the stockholder will be a stockholder of record entitled to vote at the annual stockholder meeting and intends to appear in person or by proxy at the meeting to nominate the nominee, a description of all arrangements or understandings between the stockholder and the nominee (or other persons pursuant to which the nomination is to be made), such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC and the consent of the nominee to serve as a director if elected.

For proposals or director nominations to be brought at the 2012 annual meeting of stockholders but not included in the proxy statement for such meeting, our bylaws require that the proposal or nomination must be delivered or mailed to our principal executive offices in most cases no later than March 12, 2012. Proposals and nominations should be addressed to our corporate secretary at CompX International Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

Communications with Directors. Stockholders and other interested parties who wish to communicate with the board of directors or its independent directors may do so through the following procedures. Such communications not involving complaints or concerns regarding accounting, internal accounting controls and auditing matters related to us may be sent to the attention of our corporate secretary at CompX International Inc.,

Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697. Provided that any such communication relates to our business or affairs and is within the function of our board of directors or its committees, and does not relate to insignificant or inappropriate matters, such communication, or a summary of such communication, will be forwarded to the chairman of our audit committee, who also serves as the presiding director of our independent director meetings.

Complaints or concerns regarding accounting, internal accounting controls and auditing matters, which may be made anonymously, should be sent to the attention of our general counsel with a copy to our chief financial officer at the same address as our corporate secretary. These complaints or concerns will be forwarded to the chairman of our audit committee. We will keep these complaints or concerns confidential and anonymous, to the extent feasible, subject to applicable law. Information contained in such a complaint or concern may be summarized, abstracted and aggregated for purposes of analysis and investigation.

Compensation Committee Interlocks and Insider Participation. As discussed above, for 2010 all the members of our management development and compensation committee were Ann Manix, Paul M. Bass, Jr. until his death, and subsequently Norman S. Edelpup. No member of the committee:

- was an officer or employee of ours during 2010 or any prior year;
- had any related party relationships with us that requires disclosure under applicable SEC rules; or
- had any interlock relationships under applicable SEC rules.

For 2010, no executive officer of ours had any interlock relationships within the scope of the intent of applicable SEC rules. However, our chairman of the board is on the board of directors of Contran and Contran employs Steven L. Watson, who serves as one of our directors, and Serena S. Connelly, who is one of our director nominees.

Code of Business Conduct and Ethics. We have adopted a code of business conduct and ethics. The code applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. Only the board of directors may amend the code. Only our audit committee or other committee of the board of directors with specifically delegated authority may grant a waiver of this code. We will disclose amendments to or waivers of the code as required by law and the applicable rules of the AMEX.

Corporate Governance Guidelines. We have adopted corporate governance guidelines to assist the board of directors in exercising its responsibilities. Among other things, the corporate governance guidelines provide for director qualifications, for independence standards and responsibilities, for approval procedures for ISAs and that our audit committee chairman presides at all meetings of the independent directors.

Availability of Corporate Governance Documents. A copy of each of our audit committee charter, code of business conduct and ethics and corporate governance guidelines is available on our website at www.compx.com under the corporate section.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS AND OTHER INFORMATION

Compensation Discussion and Analysis. This compensation discussion and analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers. We employed three of our named executive officers at December 31, 2010. Our two other named executive officers at December 31, 2010 were employed and directly compensated by Contran and provided their services to us in 2010 under our ISA with Contran.

As defined in the Glossary of Terms at the beginning of this proxy statement, the phrase “named executive officers” refers to the five persons whose compensation is summarized in the Summary Compensation Table in this proxy statement. Such phrase is not intended, and does not, refer to all of our executive officers.

Compensation of our Named Executive Officers Employed by Us. In each of the last three years, we employed the following named executive officers:

<u>Name</u>	<u>Position(s)</u>
David A. Bowers	Vice Chairman of the Board, President and Chief Executive Officer
Corey J. Boland	Vice President
Scott C. James	Vice President

Overview. Prior to 2008, we decided to forego long-term compensation (other than defined contribution plans that are generally available on a non-discriminatory basis to all employees) and implemented a compensation program that is primarily cash-based, with minimal perquisites, if any. Our objectives for the primarily cash-based compensation program as it relates to our senior officers, including all of our named executive officers employed by us, are to:

- have a total individual compensation package that is easy to understand;
- encourage them to maximize long-term stockholder value; and
- achieve a balanced compensation package that would attract and retain highly qualified senior officers and appropriately reflect each such officer’s individual performance, contributions and general market value.

In furtherance of our objectives and in an effort to separate annual operating planning from annual incentive compensation, we implemented discretionary incentive bonuses for our senior officers. As a result, annual compensation for our named executive officers employed by us primarily consists of base salaries and discretionary incentive bonuses.

We do not base our employed named executive officer compensation on any specific measure of, or formula based upon, our financial performance, although we do consider our financial performance as one factor in determining the compensation of our employed named executive officers. We determine the amount of each component of such compensation solely in our collective business judgment and experience, without performing any independent market research. We do not enter into any written employment agreements with our employed named executive officers.

Base Salaries. We have established the annual base salaries for our employed named executive officers on a position-by-position basis based on responsibility and experience. We pay this portion of each of our employed named executive officer’s compensation to provide him with a reliable amount of compensation for the year, subject to his continued at-will employment and satisfactory performance for his services at the level of his responsibilities. Our chief executive officer has the responsibility to conduct annual internal reviews of our employed named executive officer salary levels in order to rank salary, individual performance and job value to each position. He then makes recommendations on salaries, other than his own, to our chairman of the board and then to our

management development and compensation committee. The chairman of the board makes recommendations on our chief executive officer's salary to the committee. The committee reviews the recommendations regarding changes in salaries for executive officers and may take such action, including modifications to the recommendations, as it deems appropriate. The recommendations of our chief executive officer and our chairman of the board and the determinations of our management development and compensation committee are based on our evaluations of the past year annual base-salary amounts with adjustments made as result of our past and expected future financial performance, inflation, past and potential future individual performance and contributions or alternative career opportunities that might be available to our named executive officers employed by us, without performing any independent market research.

Effective January 1, 2008, we approved increases in the base salaries for each of Messrs. Bowers and James of 4.0% primarily to account for inflation and our general financial performance. Mr. Boland received two salary increases for 2008. His first 2008 salary increase of 7.6% was granted effective in April 2008 while he was vice president, engineering of Waterloo primarily to recognize additional responsibility, to account for the financial performance of his operating unit and for inflation. His second 2008 salary increase of 12.5% was granted to him in May 2008, recognizing his promotion to one of our executive officers in May 2008. Mr. Boland also received salary increases of 12.5% in January 2009 and 11.1% in January 2010, in both cases as further recognition of his increased responsibility following his May 2008 promotion to one of our executive officers. Other than Mr. Boland's January 2009 and January 2010 salary increases for his 2008 promotion, we instituted a salary freeze for 2009 and 2010 for our employed named executive officers.

In all cases, no specific measure of, or formula based upon, our financial performance was utilized in determining the increase in an executive officer's base salary for a year, although we did consider our financial performance as one factor in determining such increase. There is no specific weighting of factors in determining such increases. The salaries for our named executive officers employed by us are disclosed in their salary column in the 2010 Summary Compensation Table in this proxy statement for each of the last three years in which such officer served as one of our executive officers.

Annual Incentive Bonuses. We pay discretionary incentive bonuses annually in cash to each of our employed named executive officers to motivate him to achieve higher levels of performance in attaining our corporate goals and reward him for such performance. We determine the amount of any such incentive bonuses we pay our named executive officers employed by us on a year-end discretionary evaluation of each such officer's responsibility, performance, attitude and potential. The amount of the incentive bonus is also influenced by the amount of the named executive officer's base salary and prior year incentive bonus, as well as our financial performance. We based our award of incentive bonuses for each year primarily upon the chairman of the board's recommendation regarding the chief executive officer, the chief executive officer's recommendations regarding the other named executive officers employed by us and the determinations of our management development and compensation committee, which may take such action, including modifications to the recommendations, as it deems appropriate. No specific overall performance measures were utilized and there is no specific measure of, or formula based upon, our financial performance that was utilized in determining an employed named executive officer's bonus, although we did consider our financial performance as one factor in determining such bonus. Additionally, there is no specific weighting of factors considered in the determination of incentive bonuses paid to these executive officers.

We approved discretionary incentive bonuses for our employed named executive officers in the last three years as a percentage of the officer's base salary as follows.

Named Executive Officer	Discretionary Incentive Bonuses as a Percentage of Base Salary for Years in which the Recipient was an Executive Officer of CompX		
	2008 (1)	2009 (1)	2010 (1)
David A. Bowers	0%	39%	105%
Corey J. Boland	62%	56%	80%
Scott C. James	62%	39%	80%

(1) These bonuses were approved by our management development and compensation committee in the first quarter of the following year and paid in such following year for performance in the reported year.

As compared to 2009, the 2010 discretionary incentive bonuses as a percentage of base salary reflected our 2010 improved financial performance and favorable cash flow during a difficult yet improving economic environment. As compared to 2008, the 2009 discretionary incentive bonuses as a percentage of base salary reflected our 2009 negative financial performance but also our ability to generate favorable cash flow during an economic environment that was more difficult than 2008. In considering the amounts of the 2008 bonuses, management recommended, and our management development and compensation committee considered, among other things, that we achieved 2008 operating income margins of greater than 10% in our two largest divisions in difficult economic times. These discretionary incentive bonuses are disclosed in the bonus column in the 2010 Summary Compensation Table in this proxy statement.

Defined Contribution Plans. We pay discretionary annual contributions to the CompX Capital Accumulation Pension Plan, a profit sharing defined contribution plan, and The Employee 401(k) Retirement Plan, a 401(k) defined contribution plan. Participants of these plans are employees of certain of our domestic operations. Mr. Boland became a U.S. employee beginning in August 2009 when he relocated to Michigan from Canada. In March of each year, upon the recommendation of our chief executive officer and the approval of our management development and compensation committee, we contributed for the plan year that ended on December 31 of the prior year, subject to certain limitations under the respective plans and the U.S. Internal Revenue Code of 1986, as amended:

- to the Capital Accumulation Pension Plan for each of the last three plan years, 7.25% of that year's earnings before taxes of our combined CompX security products division and Livorsi marine components unit for each of the last three years (with certain adjustments); and
- to our 401(k) plan for each of the last three plan years, a matching contribution from a pool of 5% of the earnings before taxes of the participant's business unit up to 100% of the participant's eligible earnings.

Each of Messrs. Bowers, James and Boland received such contributions, which are included in his all other compensation column in the 2010 Summary Compensation Table in this proxy statement.

For the time Mr. Boland worked for us in Canada, we contributed annually to his account under the Registered Pension Plan for Employees of Waterloo Furniture Components Ltd., a defined contribution plan sponsored by our Canadian subsidiary. The amount of the contributions are set by Canadian law based on Mr. Boland's annual cash compensation. The contributions we made to Mr. Boland under this plan for 2008 and 2009 are included in his all other compensation column in the 2010 Summary Compensation Table in this proxy statement. Mr. Boland ceased participating in this plan after July 2009 when he relocated to Michigan.

Equity-Based Compensation. Prior to 2008, we decided to forego the grant of any equity compensation to our employees, although we continue to grant annual awards of stock to our nonemployee directors as a portion of their annual retainers, including our chairman of the board. We also do not have any security ownership requirements or guidelines for our management or directors. We do not currently anticipate any equity-based

compensation will be granted in 2011, other than the annual grants of stock to our nonemployee directors. See the Director Compensation section in this proxy statement for a discussion of these annual grants.

Compensation of our Named Executive Officers Employed by Contran. For each of the last three years, we paid Contran a fee for services provided pursuant to our ISA with Contran, which fee was approved by our independent directors after receiving the recommendation of our management development and compensation committee and the concurrence of our chief financial officer. Such services provided under this ISA included the services of our named executive officers employed by Contran, and as a result a portion of the aggregate ISA fee we pay to Contran is paid with respect to services provided to us by such named executive officers. Our current executive officers who provide services to us pursuant to our ISA with Contran are as follows:

Name	Positions with CompX
Glenn R. Simmons	Chairman of the Board
Robert D. Graham	Executive Vice President
Darryl R. Halbert	Vice President, Chief Financial Officer and Controller
J. Mark Hollingsworth	Vice President and General Counsel
Kelly D. Luttmer	Vice President and Tax Director

The nature of the duties of each of our executive officers who are employees of Contran is consistent with the duties normally associated with the officer titles and positions such officer holds with us. Other than Mr. Halbert, each of these persons also serves as an executive officer of Contran.

The charge under this ISA reimburses Contran for its cost of employing the personnel who provide the services by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. The amount of the fee we paid for each year under this ISA for a person who provided services to us represents, in management's view, the reasonable equivalent of "compensation" for such services. See the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement for the aggregate amount we paid to Contran in 2010 under this ISA. Under the various ISAs among Contran and its subsidiaries, we share the cost of the employment of Messrs. Glenn Simmons, Graham and Hollingsworth and Ms. Luttmer with Contran and certain of its other publicly and privately held subsidiaries. Mr. Halbert, however, provides all of his services to us and no other unconsolidated affiliate of ours. Therefore, the portion of the charge under this ISA related to his services represents a full year for his services for each reported year. For Mr. Glenn Simmons, the portion of the annual charge we paid in 2010 to Contran under this ISA attributable to his nondirector services and the amount we paid for his director services is set forth in the 2010 Director Compensation Table in this proxy statement. For each of Messrs. Halbert and Hollingsworth, the portion of the annual charge we paid for each of the last three years to Contran under this ISA attributable to his services is set forth in his salary column in the 2010 Summary Compensation Table in this proxy statement. The amount charged under the ISA is not dependent upon our financial performance. As discussed further below, the amount charged under the ISA is based upon Contran's cost of employing or engaging the personnel who provide the services to us (including the services of certain of our named executive officers) by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year.

We believe the cost of the services received under our ISA with Contran, after considering the quality of the services received, is fair to us and is no less favorable to us than we could otherwise obtain from an unrelated third party for comparable services, based solely in our collective business judgment and experience without performing any independent market research.

In the early part of each year, Contran's management, including certain of our named executive officers, estimates the percentage of time that each Contran employee, including certain of our named executive officers, is expected to devote in the upcoming year to Contran and its subsidiaries, including us. Contran's management then allocates Contran's cost of employing each of its employees among Contran and its various subsidiaries based on such estimated percentages. Contran's aggregate cost of employing each of its employees comprises:

- the annualized base salary of such employee at the beginning of the year;

- an estimate of the bonus Contran will pay or accrue for such employee (other than bonuses for specific matters) for the year, using as a reasonable approximation for such bonus the actual bonus that Contran paid or accrued for such employee in the prior year; and
- Contran's portion of the social security and medicare taxes on such base salary and an estimated overhead factor (24% for 2010 as compared to 17% for each of 2009 and 2008) applied to the base salary for the cost of medical and life insurance benefits, unemployment taxes, disability insurance, defined benefit and defined contribution plan benefits, professional education and licensing and costs of providing an office, equipment and supplies related to providing such services.

The overhead factor increased in 2010 as compared to 2009 and 2008 primarily as a result of increased defined benefit pension plan costs resulting principally from changes in the funded status of Contran's defined benefit plan due to the negative overall impact of the global economic recession on the return on assets held by the plan. Contran's management subsequently made such adjustments to the details of the proposed ISA charge as they deemed necessary for accuracy, overall reasonableness and fairness to us.

In the first quarter of each year, the proposed charge for that year under our ISA with Contran was presented to our management development and compensation committee, and the committee considered whether to recommend that our board of directors approve the ISA charge. Among other things during such presentation, the committee was informed of:

- the quality of the services Contran provides to us, including the quality of the services certain of our executive officers provide to us;
- the \$1.0 million charge to us for the services of Harold C. Simmons for his consultation and advice to our chief executive officer regarding major strategic corporate matters;
- the comparison of the ISA charge and number of full-time equivalent employees reflected in the charge by department for the prior year and proposed for the current year;
- the comparison of the prior year and proposed current year charges by department and in total and such amounts as a percentage of Contran's similarly calculated costs for its departments and in total for those years;
- the comparison of the prior year and proposed current year average hourly rate; and
- the concurrence of our chief financial officer as to the reasonableness of the proposed charge.

In determining whether to recommend that the board of directors approve the proposed ISA fee, the management development and compensation committee considers the three elements of Contran's cost of employing the personnel who provide services to us, including the cost of employing certain of our named executive officers, in the aggregate and not individually. After considering the information contained in such presentations, and following further discussion and review, our management development and compensation committee recommended that our board of directors approve the proposed ISA fee after concluding that:

- the cost to employ the additional personnel necessary to provide the quality of the services provided by Contran would exceed the proposed aggregate fee to be charged by Contran to us under our ISA with Contran; and
- the cost for such services would be no less favorable than could otherwise be obtained from an unrelated third party for comparable services.

In reaching its recommendation, our management development and compensation committee did not review:

- any ISA charge from Contran to any other publicly held parent or sister company, although such charge was separately reviewed by the management development and compensation committee of the applicable company; and
- the compensation policies of Contran or the amount of time our named executive officers are expected to devote to us because:
 - o each of our named executive officers employed by Contran, other than Mr. Halbert, provides services to many companies related to Contran, including Contran itself;
 - o the fee we pay to Contran under our ISA with Contran each year does not represent all of Contran's cost of employing each of such named executive officers;
 - o Contran and these other companies related to Contran absorb the remaining amount of Contran's cost of employing each of such named executive officers; and
 - o the members of our management development and compensation committee consider the other factors discussed above in determining whether to recommend that the proposed ISA fee for each year be approved by the full board of directors.

Based on the recommendation of our management development and compensation committee as well as the concurrence of our chief financial officer, our independent directors approved the proposed annual ISA charge effective January 1, 2010, with our other directors abstaining.

For financial reporting and income tax purposes, the ISA fee is expensed as incurred on a quarterly basis. Contran has implemented a limit of \$1.0 million on any individual's charge to a publicly held company in order to enhance the deductibility by the company of the charge for tax purposes under Section 162(m) of the Internal Revenue Code of 1986, if such section were to be deemed applicable. Section 162(m) generally disallows a tax deduction to publicly held companies for non-performance based compensation over \$1.0 million paid to the company's chief executive officer and four other most highly compensated executive officers. Because of this policy, the portion of the aggregate ISA fee we paid to Contran in each of the last three years that was attributable to the services of Harold C. Simmons was limited to such \$1.0 million amount.

Deductibility of Compensation. It is our general policy to structure the performance-based portion of the compensation of our executive officers, if any, in a manner that enhances our ability to deduct fully such compensation under Section 162(m) of the Internal Revenue Code.

Compensation Committee Report. The management development and compensation committee has reviewed with management the Compensation Discussion and Analysis section in this proxy statement. Based on the committee's review and a discussion with management, the committee recommended to the board of directors that our compensation discussion and analysis be included in this proxy statement.

The following individuals, in the capacities indicated, hereby submit the foregoing report.

(3) Messrs. Halbert and Hollingsworth are employees of Contran and provide their executive officer services to us pursuant to our ISA with Contran. The amounts shown in the table as salary compensation for them

represents the portion of the fees we paid to Contran pursuant to the ISA attributable to the services each of them rendered to us. The ISA charges disclosed for Contran employees who perform executive officer services to us and our subsidiaries are based on various factors described in the Compensation Discussion and Analysis section of this proxy statement. Our management development and compensation committee considers the factors described in the Compensation Discussion and Analysis section of this proxy statement in determining whether to recommend that our board of directors approve the aggregate proposed ISA fee with Contran. As discussed in the Compensation Discussion and Analysis section of this proxy statement, our management development and compensation committee does not consider any ISA charge from Contran to any other publicly held parent or sister company of ours, although such charge is separately reviewed by the management development and compensation committee of the applicable company.

- (4) For Mr. Boland's performance through July 2009, Waterloo paid him his salary and 2008 cash bonus, contributions to his account under Waterloo's defined contribution plan and life insurance premiums in Canadian dollars. We report in the table the Canadian dollar compensation he received in U.S. dollars based on an average exchange rate for 2009 of US\$0.8798 per CN\$1.00 and for 2008 of US\$0.94532 per CN\$1.00.
- (5) As shown below, all other compensation for Mr. Boland consisted of the following payments:

Nonqualified Deferred Compensation. We do not owe any nonqualified deferred compensation to our named executive officers.

Director Compensation. Our directors who are not employees of us or our subsidiaries are entitled to receive compensation for their services as directors. Our current directors who received such compensation in 2010 were Norman S. Edelcup, Edward J. Hardin, Ann Manix, Glenn R. Simmons and Steven L. Watson.

Our nonemployee directors receive an annual retainer of \$20,000, paid in quarterly installments, plus a fee of \$1,000 per day for attendance at meetings of the board of directors or its committees and at a daily rate (\$125 per hour) for other services rendered on behalf of our board of directors or its committees. In addition to the annual retainers for service on the board of directors, the chairman of our audit committee and any member of our audit committee whom the board identified as an “audit committee financial expert” for purposes of the annual proxy statement receive an annual retainer of \$20,000, paid in quarterly installments (provided that if one person serves in both capacities only one such retainer is paid), and other members of our audit committee receive an annual retainer of \$10,000, paid in quarterly installments, for their service on the audit committee. Members of our management development and compensation committee also receive an annual retainer of \$2,000, paid in quarterly installments, for their service on that committee. If a nonemployee director dies while serving on our board of directors, his designated beneficiary or estate will be entitled to receive a death benefit equal to the annual retainer then in effect. We reimburse our nonemployee directors for reasonable expenses incurred in attending meetings and in the performance of other services rendered on behalf of our board of directors or its committees.

On the day of each annual stockholder meeting, each of our nonemployee directors elected on that date receives a grant of shares of our class A common stock as determined by the following formula based on the closing price of a share of our class A common stock on the date of such meeting.

Range of Closing Price Per Share on the Date of Grant	Shares of Class A Common Stock to Be Granted
Under \$5.00	2,000
\$5.00 to \$9.99	1,500
\$10.00 to \$20.00	1,000
Over \$20.00	500

The following table provides information with respect to compensation our nonemployee directors earned for their 2010 director services provided to us.

2010 DIRECTOR COMPENSATION (1)

Name	Fees Earned or Paid in Cash (2)	Stock Awards (3)	All Other Compensation (4)	Total
Paul M. Bass, Jr. (5)	\$ 41,000	\$ -0-	\$ -0-	\$ 41,000
Norman S. Edelpcup.....	49,500	10,890	-0-	60,390
Edward J. Hardin (5)	32,000	10,890	-0-	42,890

Steven L. Watson (5)	23,000	10,890	84,500	118,390

- (1) Certain non-applicable columns have been omitted from this table.
- (2) As previously disclosed in our 2010 proxy statement, Paul M. Bass, Jr., our former director, died on March 9, 2010. His reported cash director compensation represents cash paid to him or his estate in the amount of \$8,000 for his 2010 first quarter retainer, one meeting fee and a \$32,000 cash death benefit. For our current directors, their reported cash director compensation represents cash retainers and meeting fees the director earned for director services he or she provided to us in 2010.
- (3) Represents the value of 1,000 shares of our class A common stock we granted to each of these directors. For the purposes of this table and financial statement reporting, we valued these stock awards at the \$10.89 closing price per share of such shares on their date of grant, which date of grant was May 26, 2010.
- (4) Represents the portion of the annual charge we paid in 2010 to Contran under our ISA with Contran attributable to the nondirector services each of Messrs. Simmons and Watson provided to us under the ISA.
- (5) As of December 31, 2010, the following entity or persons held the following stock options exercisable for shares of our class A common stock, all of which stock options were granted for director services:

Name	Aggregate Number of Shares Underlying Outstanding Stock Options Held by Such Director at December 31, 2010
The Estate of Paul M. Bass, Jr.....	4,000
Edward J. Hardin.....	4,000
Ann Manix	4,000
Glenn R. Simmons	2,000
Steven L. Watson	4,000

Compensation Policies and Practices as They Relate to Risk Management. We believe that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. In reaching this conclusion, we considered the following:

- other than stock grants to our nonemployee directors, we do not grant equity awards to our employees, officers or other persons who provide services to us under our ISA with Contran, which mitigates taking excessive or inappropriate risk for short-term gain that might be rewarded by equity compensation;
- our executive officers employed by us are eligible to receive incentive bonus payments that are determined on a discretionary basis and do not guarantee an executive officer a particular level of bonus based on the achievement of a specified performance or financial target, which also mitigates taking excessive or inappropriate risk for short-term gain;
- our other key employees are eligible to receive bonuses based on the achievement of a specified performance or financial target based on our business plan for the year, but the chance of such

employees undertaking actions with excessive or inappropriate risk for short-term gain in order to achieve such bonuses is mitigated because:

- o our executive officers, who are responsible for establishing and executing such business plan, are not eligible to receive bonuses based on the business plan, but instead are only eligible for the discretionary-based bonuses described above; and
- o there exist ceilings for these bonuses regardless of the actual level of our financial performance achieved;
- our officers and other persons who provide services to us under our ISA with Contran do not receive compensation from us directly and are employed by Contran, one of our parent corporations, which aligns such officers and persons with the long-term interests of our stockholders;
- since we are a controlled company, as previously discussed, management has a strong incentive to understand and perform in the long-term interests of our stockholders; and
- our experience is that our employees are appropriately motivated by our compensation policies and practices to achieve profits and other business objectives in compliance with our oversight of material short and long-term risks.

For a discussion of our compensation policies and practices for our executive officers, please see the Compensation Discussion and Analysis section of this proxy statement.

Compensation Consultants. Neither our board of directors, management development and compensation committee nor management has engaged any compensation consultants.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership with the SEC, the AMEX and us. Based solely on the review of the copies of such forms and representations by certain reporting persons, we believe that for 2010, our executive officers, directors and 10% stockholders, other than Ann Manix, complied with all applicable filing requirements under section 16(a). Ms. Manix filed one Form 4 that reported one late transaction.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Related Party Transaction Policy. As set forth in our code of business conduct and ethics, from time to time, we engage in transactions with affiliated companies. In addition, certain of our executive officers and directors serve as executive officers and directors of affiliated companies. With respect to transactions between or involving us and one or more of our affiliates, it is not a violation of the code if the transaction, in our opinion, is no less favorable to us than could be obtained from unrelated parties, or the transaction, in the absence of stockholder ratification or approval by our independent directors, is fair to all companies involved. Furthermore, the code provides that:

- directors and officers owe a duty to us to advance our legitimate interests when the opportunity to do so arises; and
- they are prohibited from (a) taking for themselves personally opportunities that properly belong to us or are discovered through the use of our property, information or position, (b) using corporate property, information or position for improper personal gain and (c) competing with our interests.

Our executive officers are responsible for applying this policy to related parties. No specific procedures are in place, however, that govern the treatment of transactions among us and our related entities, although we and such

entities may implement specific procedures as appropriate for particular transactions. Provided, in our judgment, the standard set forth in the code of business conduct and ethics is satisfied, we believe, given the number of companies affiliated with Contran, that related party transactions with our affiliates, in many instances (such as achieving economies of scale), are in our best interest. In certain instances, our executive officers may seek the approval or ratification of such transactions by our independent directors, but there is no quantified threshold for seeking this approval.

Relationships with Related Parties. As set forth under the Security Ownership section of this proxy statement, Harold C. Simmons, through Contran, may be deemed to control us. We and other entities that may be deemed to be controlled by or related to Mr. Simmons sometimes engage in the following:

- intercorporate transactions, such as guarantees, management, expense and insurance sharing arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties; and
- common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of an equity interest in another related party.

We periodically consider, review and evaluate and understand that Contran and related entities periodically consider, review and evaluate such transactions. Depending upon the business, tax and other objectives then relevant and restrictions under indentures and other agreements, it is possible that we might be a party to one or more of such transactions in the future. In connection with these activities, we may consider issuing additional equity securities or incurring additional indebtedness. Our acquisition activities have in the past and may in the future include participation in acquisition or restructuring activities conducted by other companies that may be deemed to be related to Harold C. Simmons.

Certain directors or executive officers of Contran, Keystone, Kronos Worldwide, NL, TIMET or Valhi also serve as our directors or executive officers. Such relationships may lead to possible conflicts of interest. These possible conflicts of interest may arise under circumstances in which such companies may have adverse interests. In such an event, we implement such procedures as are appropriate for the particular transaction.

Intercorporate Services Agreements. As discussed elsewhere in this proxy statement, we and certain related companies have entered into ISAs. Under the ISAs, employees of one company provide certain services, including executive officer services, to the other company on a fixed fee basis. The services rendered under the ISAs may include executive, management, financial, internal audit, accounting, tax, legal, insurance, real estate management, environmental management, risk management, treasury, aviation, human resources, technical, consulting, administrative, office, occupancy and other services as required from time to time in the ordinary course of the recipient's business. The fees paid pursuant to the ISAs are generally based upon an estimated percentage of the time devoted by employees of the provider of the services to the business of the recipient and the employer's cost related to such employees, which includes the expense for the employees' compensation and an overhead component that takes into account other employment related costs. Generally, each of the ISAs renews on a quarterly basis, subject to the termination by either party pursuant to a written notice delivered 30 days prior to the start of the next quarter. Because of the number of companies related to Contran and us, we believe we benefit from cost savings and economies of scale gained by not having certain management, financial, legal, tax, real estate and administrative staffs duplicated at each company, thus allowing certain individuals to provide services to multiple companies. With respect to a publicly held company that is a party to an ISA, the ISA and the related aggregate annual charge are approved by the independent directors of the company after receiving the recommendation from the company's management development and compensation committee as well as the concurrence of the chief financial officer. See the Compensation of our Named Executive Officers Employed by Contran part of the Compensation Discussion and Analysis section in this proxy statement for a more detailed discussion on the procedures and considerations taken by our independent directors in approving the aggregate 2010 ISA fee charged by Contran to us.

The services of Harold C. Simmons provided to us under our ISA with Contran include consultation and advice to our chief executive officer and our other senior management concerning major strategic corporate matters. Such matters may include acquisitions or dispositions of certain assets (including investments) or operations, strategic business plans, business reorganizations and restructurings, financing and other capital raising initiatives, legal and litigation strategies, tax planning strategies and other matters. For financial reporting and income tax purposes, the ISA fee is expensed as incurred on a quarterly basis.

In 2010, we paid Contran fees of \$3.1 million for its services under the ISA between Contran and us, including \$1.0 million for the services of Harold C. Simmons. Because Contran has implemented a limit of \$1.0 million on any individual's charge to a publicly held company, the aggregate ISA fee we paid to Contran in 2010 that was attributable to the services of Harold C. Simmons was limited to such \$1.0 million amount. See the Compensation of our Named Executive Officers Employed by Contran subsection of the Compensation Discussion and Analysis section in this proxy statement for further information regarding this \$1.0 million limit. In 2011, we expect to pay Contran fees of \$3.4 million for its services under this ISA, including \$1.0 million for the services of Harold C. Simmons. We also pay director fees and expenses directly to Messrs. Glenn Simmons and Watson for their services as our directors.

Risk Management Program. We and Contran participate in a combined risk management program. Pursuant to the program, Contran and certain of its subsidiaries and related entities, including us and certain of our subsidiaries and related entities, as a group purchase insurance policies and risk management services. The program apportions its costs among the participating companies. Tall Pines and EWI provide for or broker the insurance policies. Tall Pines purchases reinsurance for substantially all of the risks it underwrites. EWI also provides claims and risk management services and, where appropriate, engages certain third-party risk management consultants. Tall Pines is a captive insurance company wholly owned by Valhi. EWI is a reinsurance brokerage and risk management company wholly owned by NL. Consistent with insurance industry practices, Tall Pines and EWI receive commissions from insurance and reinsurance underwriters and/or assess fees for the policies that they provide or broker.

With respect to certain of such jointly owned insurance policies, it is possible that unusually large losses incurred by one or more insureds during a given policy period could leave the other participating companies without adequate coverage under that policy for the balance of the policy period. As a result, Contran and certain of its subsidiaries or related companies, including us, have entered into a loss sharing agreement under which any uninsured loss is shared by those companies who have submitted claims under the relevant policy. We believe the benefits in the form of reduced premiums and broader coverage associated with the group coverage for such policies justify the risks associated with the potential for any uninsured loss.

During 2010, we paid Tall Pines and EWI in the aggregate approximately \$1.1 million. This amount principally represents payments for insurance premiums, which include premiums or fees paid to Tall Pines and commissions or fees paid to EWI. This amount also includes payments to insurers or reinsurers through EWI for the reimbursement of claims within our applicable deductible or retention ranges that such insurers and reinsurers paid to third parties on our behalf, as well as amounts for claims and risk management services and various other third-party fees and expenses incurred by the program. In our opinion, the program's allocations of its costs among us and our related entities are reasonable. We believe the amounts that we and our subsidiaries paid for the combined risk management program are less than the costs we would have incurred had we entirely used unrelated third parties for the services the program provided. We expect that these relationships with Tall Pines and EWI will continue in 2011. Because we believe there is no conflict of interest regarding our participation in the combined risk management program, our audit committee received a report regarding this program but we did not ask our independent directors to approve it.

Tax Matters. We and our qualifying subsidiaries are members of the consolidated U.S. federal tax return of which Contran is the parent company, which we refer to as the "Contran Tax Group." As a member of the Contran Tax Group and pursuant to certain tax sharing agreements or policies, each of the members and its qualifying subsidiaries compute provisions for U.S. income taxes on a separate company basis using tax elections made by Contran. Pursuant to the tax sharing agreements or policies and using tax elections made by Contran, each of the parties makes payments or receives payments in amounts it would have paid to or received from the U.S. Internal Revenue Service had it not been a member of the Contran Tax Group but instead had been a separate taxpayer. Refunds are generally limited to amounts previously paid under the respective tax sharing agreement or

policy. We and our qualifying subsidiaries are also a part of consolidated tax returns filed by Contran in certain U.S. state jurisdictions. The terms of the applicable tax sharing agreements or policies also apply to state payments to these jurisdictions.

Under applicable law, we, as well as every other member of the Contran Tax Group, are each jointly and severally liable for the aggregate federal income tax liability of Contran and the other companies included in the group for all periods in which we are included in the group. Under our tax agreement with NL, NL agrees to indemnify us for any liability for income taxes of the Contran Tax Group in excess of our tax liability previously computed and paid by us in accordance with the tax allocation policy.

Under certain circumstances, tax regulations could require Contran to treat items differently than we would have treated them on a stand alone basis. In such instances, accounting principles generally accepted in the United States of America require us to conform to Contran's tax elections. In 2010, pursuant to our tax sharing agreement and policies with NL, we made a net tax payment to NL of approximately \$2.2 million. Because the calculation of our tax payments or refunds is determined pursuant to applicable tax law, our independent directors were not asked to approve our tax agreement or policies or such payments or refunds.

Loan from TFMC. In October 2007, we on a net basis purchased and/or cancelled approximately 2.7 million shares of our class A common stock formerly held directly or indirectly by TFMC for \$19.50 per share paid in the form of a consolidated promissory note pursuant to a stock purchase agreement between us and TFMC and a merger agreement among CompX Group, Inc., our former parent in which NL and TFMC were the sole stockholders, and CompX KDL LLC, our former wholly owned subsidiary. The price per share was determined based on our open market purchases of our class A common stock around the time of the approval of these transactions. The stock purchase agreement and the merger agreement were approved by the independent directors of us and TIMET.

Pursuant to such transactions, among other things, we issued a consolidated unsecured term loan promissory note to TFMC in the original principal amount of \$52,580,190 that:

- matures on September 30, 2014;
- bears interest at an annual rate of LIBOR plus 1.00%;
- requires quarterly principal payments of \$250,000 and quarterly interest payments;
- does not have prepayment penalties; and
- is subordinated to our credit agreement with Wells Fargo Bank, National Association and Comerica Bank.

In September 2009, the terms of the promissory note were amended to defer the required quarterly principal and interest payments until on or after March 31, 2011. During 2010, the largest amount of principal that we owed to TFMC under this note was approximately \$42.2 million.

Purchase of Note from NL. On May 13, 2010 we purchased from NL and one of its wholly-owned subsidiaries, for \$15.0 million in cash, all of their right, title and interest in:

- a subordinated secured mortgage note receivable dated October 15, 2008 and in the original principal amount of \$15.0 million executed by Sayreville Seaport Associates, L.P., a Delaware limited partnership, and originally payable to NL and its subsidiary; and
- certain other documents related to the note receivable.

We purchased the promissory note for our investment purposes. The promissory note bears interest at LIBOR plus 2.75%, payable monthly. All principal is due no later than October 2011. The promissory note is collateralized by a real estate developer's ground lease on certain real property, formerly owned by NL and its subsidiary and taken from them in condemnation proceedings, and all improvements to the property performed by the developer. Both the promissory note and our lien on the property are subordinated to certain senior indebtedness of the developer. In certain circumstances, including but not limited to the developer's failure to repay the promissory note at its stated maturity, we have the right to demand, and we have so demanded, repayment of up to \$15.0 million due under the promissory note from one of the developer's equity partners, which right is not subordinated to the developer's

senior indebtedness. The developer and the developer's equity partner have disputed our right to receive such prepayment prior to October 2011. In addition, NL has provided a guarantee for any amounts due but unpaid under the promissory note. In order to complete the purchase of the promissory note, on May 10, 2010 we entered into an amendment to our revolving \$37.5 million credit agreement with Wells Fargo Bank, National Association and Comerica Bank. The amendment enabled us to borrow \$5.0 million under the credit agreement, which we utilized along with \$10.0 million of existing cash to complete the purchase. The purchase of the note was approved by our independent directors.

Related Party Loans for Cash Management Purposes. From time to time, loans and advances are made between us and various related parties pursuant to term and demand notes. These loans and advances are entered into principally for cash management purposes. When we loan funds to related parties, the lender is generally able to earn a higher rate of return on the loan than the lender would earn if the funds were invested in other instruments. While certain of such loans may be of a lesser credit quality than cash equivalent instruments otherwise available to us, we believe that we have evaluated the credit risks involved, and that those risks are reasonable and reflected in the terms of the applicable loans. When we borrow from related parties, we are generally able to pay a lower rate of interest than we would pay if we borrowed from unrelated parties.

In February 2010, we entered into an unsecured revolving demand promissory note with NL pursuant to which, as amended, we agreed to loan NL up to \$8.0 million. Our loans to NL under this note bear interest at the prime rate less 0.75%, with all principal due on demand on or after March 31, 2012 (and in any event no later than December 31, 2012), with interest payable quarterly. Any principal NL borrows from us under this note is solely at our discretion. During 2010, the largest amount of principal that NL owed to us was approximately \$7.0 million and NL paid us interest of approximately \$23,000 under this note. As of December 31, 2010, NL did not owe us any principal or interest on this note. Because this note was for cash management purposes, we did not ask our independent directors to approve it or its amendment.

Simmons Family Matters. In addition to the services he provides under our ISA with Contran as discussed under the Intercorporate Services Agreements section above, certain family members of Harold C. Simmons also provide services to us through Contran pursuant to this ISA. In 2010, L. Andrew Fleck (a step-son of Harold C. Simmons) provided certain real property management services to us pursuant to this ISA. The portion of the fees we paid to Contran in 2010 pursuant to this ISA attributable to the services of Mr. Fleck was less than \$120,000. See the Intercorporate Services Agreements section above for a more detailed discussion on the procedures and considerations taken by our independent directors in approving the aggregate 2010 ISA fee Contran charged us. As disclosed in the 2010 Director Compensation Table in this proxy statement, Mr. Glenn Simmons (a brother of Harold Simmons) also provided us nondirector services under our ISA with Contran and received compensation in cash and stock from us for his services as a director for 2010. We expect similar compensation expenses and ISA charges regarding Messrs. Glenn Simmons and Fleck for 2011.

AUDIT COMMITTEE REPORT

Through March 2010, our audit committee of the board of directors was comprised of Paul M. Bass, Jr., Norman S. Edelcup and Ann Manix. Our audit committee of the board of directors is currently comprised of Norman S. Edelcup, Edward J. Hardin and Ann Manix. The audit committee operates under a written charter adopted by the board of directors. All members of our audit committee meet the independence standards established by the board of directors and the AMEX and promulgated by the SEC under the Sarbanes-Oxley Act of 2002. The audit committee charter is available on our website at www.compx.com under the corporate section.

Our management is responsible for, among other things, preparing our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, or “GAAP,” establishing and maintaining internal control over financial reporting (as defined in Securities Exchange Act Rule 13a-15(f)) and evaluating the effectiveness of such internal control over financial reporting. Our independent registered public accounting firm is responsible for auditing our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for expressing an opinion on the conformity of the financial statements with GAAP. Our audit committee assists the board of directors in fulfilling its responsibility to oversee management’s implementation of our financial reporting process. In its oversight role, our audit committee reviewed and discussed the audited financial statements with management and with PwC, our independent registered public accounting firm for 2010. Our audit committee also reviewed and discussed our internal control over financial reporting with management and with PwC.

Our audit committee met with PwC and discussed any issues deemed significant by our independent registered public accounting firm, including the matters required to be discussed pursuant to the auditing standards of the Public Company Accounting Oversight Board. PwC has provided to our audit committee written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the audit committee concerning independence, and our audit committee discussed with PwC the firm’s independence. Our audit committee also concluded that PwC’s provision of other permitted non-audit services to us and our related entities is compatible with PwC’s independence.

Based upon the foregoing considerations, our audit committee recommended to the board of directors that our audited financial statements be included in our 2010 Annual Report on Form 10-K for filing with the SEC.

Members of our audit committee of the board of directors respectfully submit the foregoing report.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM MATTERS

Independent Registered Public Accounting Firm. PwC served as our independent registered public accounting firm for the year ended December 31, 2010. Our audit committee has appointed PwC to review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Report on Form 10-Q for the first quarter of 2011. We expect PwC will be considered for appointment to:

- review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Reports on Form 10-Q for the second and third quarters of 2011 and the first quarter of 2012; and
- audit our annual consolidated financial statements for the year ending December 31, 2011.

Representatives of PwC are not expected to attend the annual meeting.

Fees Paid to PricewaterhouseCoopers LLP. The following table shows the aggregate fees that our audit committee has authorized and PwC has billed or is expected to bill to us for services rendered for 2009 and 2010. Additional fees for 2010 may subsequently be authorized and paid to PwC, in which case the amounts disclosed below for fees paid to PwC for 2010 would be adjusted to reflect such additional payments in our proxy statement relating to next year's annual stockholder meeting. In this regard, we have similarly adjusted the audit fees shown for 2009 from the amounts disclosed in our 2010 proxy statement.

<u>Type of Fees</u>	<u>2009</u>	<u>2010</u>
Audit Fees (1).....	\$ 741,600	\$ 639,400
Audit-Related Fees (2)	7,500	8,500
Tax Fees (3).....	8,800	8,600
All Other Fees	<u>-0-</u>	<u>-0-</u>
Total.....	<u>\$ 757,900</u>	<u>\$ 656,500</u>

- (1) Fees for the following services:
- (a) audits of consolidated year-end financial statements for each year;
 - (b) reviews of the unaudited quarterly financial statements appearing in Forms 10-Q for each of the first three quarters of each year;
 - (c) consents and/or assistance with registration statements filed with the SEC;
 - (d) normally provided statutory or regulatory filings or engagements for each year; and
 - (e) the estimated out-of-pocket costs PwC incurred in providing all of such services, for which PwC is reimbursed.
- (2) Fees for assurance and related services reasonably related to the audit or review of financial statements for each year. These services included accounting consultations and attest services concerning financial accounting and reporting standards and advice concerning internal control over financial reporting.
- (3) Permitted fees for tax compliance, tax advice and tax planning services.

Preapproval Policies and Procedures. For the purpose of maintaining the independence of our independent registered public accounting firm, our audit committee has adopted policies and procedures for the preapproval of audit and other permitted services the firm provides to us or any of our subsidiaries. We may not engage the firm to render any audit or other permitted service unless the service is approved in advance by our audit committee pursuant to the committee's amended and restated preapproval policy. Pursuant to the policy:

- the committee must specifically preapprove, among other things, the engagement of our independent registered public accounting firm for audits and quarterly reviews of our financial statements, services associated with certain regulatory filings, including the filing of registration statements with the SEC, and services associated with potential business acquisitions and dispositions involving us; and

- for certain categories of other permitted services provided by our independent registered public accounting firm, the committee may preapprove limits on the aggregate fees in any calendar year without specific approval of the service.

These other permitted services include:

- audit-related services, such as certain consultations regarding accounting treatments or interpretations and assistance in responding to certain SEC comment letters;
- audit-related services, such as certain other consultations regarding accounting treatments or interpretations, employee benefit plan audits, due diligence and control reviews;
- tax services, such as tax compliance and consulting, transfer pricing, customs and duties and expatriate tax services; and
- assistance with corporate governance matters and filing documents in foreign jurisdictions not involving the practice of law.

The policy also lists certain services for which the independent auditor is always prohibited from providing us under applicable requirements of the SEC or the Public Company Accounting Oversight Board.

Pursuant to the policy, our audit committee has delegated preapproval authority to the chairman of the committee or his designee to approve any fees in excess of the annual preapproved limits for these categories of other permitted services provided by our independent registered public accounting firm. The chairman must report any action taken pursuant to this delegated authority at the next meeting of the committee.

For 2010, our audit committee preapproved all of PwC's services provided to us or any of our subsidiaries in compliance with our amended and restated preapproval policy without the use of the SEC's *de minimis* exception to such preapproval requirement.

PROPOSAL 2

NONBINDING ADVISORY RESOLUTION ON NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT

Background of this Proposal. The recently enacted Dodd-Frank Act amended Section 14A of the Exchange Act to require that a publicly held company submit to its stockholders a nonbinding advisory vote to approve the compensation of its executive officers, commonly known as a "Say-on-Pay" proposal. After a nonbinding advisory stockholder vote on a Say-on-Pay proposal, the SEC requires that we disclose in the following year's annual meeting proxy statement whether, and if so how, we have considered the results of the previous nonbinding advisory stockholder vote on the Say-on-Pay proposal and how the nonbinding advisory vote has affected our executive compensation decisions and policies.

Say-on-Pay Proposal. This proposal affords our stockholders the opportunity to submit a nonbinding advisory vote on our named executive officer compensation. The Compensation Discussion and Analysis section, the tabular disclosure regarding our named executive officer compensation and the related disclosure in this proxy statement describe our named executive officer compensation and the compensation decisions made by our management and our management development and compensation committee of the board of directors with respect to our named executive officers. This proposal is not intended to address any specific element of compensation of our named executive officers as described in this proxy statement, but the compensation of our named executive officers in general. Our board of directors requests that each stockholder cast a nonbinding advisory vote on the following resolution:

RESOLVED, that, by the affirmative vote of the majority of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, present in person or represented by proxy at the 2011 annual meeting and entitled to vote thereon, the stockholders of CompX International Inc. approve, on a nonbinding advisory basis, the

compensation of its executive officers named in the 2010 Summary Compensation Table in the 2011 annual meeting proxy statement of CompX International Inc. as such compensation is disclosed in the proxy statement pursuant to the executive compensation disclosure rules of the U.S. Securities and Exchange Commission, which disclosure includes the compensation discussion and analysis, the compensation tables and any related disclosure in the proxy statement.

Effect of the Proposal. The Say-on-Pay proposal is nonbinding and advisory. Our stockholders' approval or disapproval of this proposal will not require our board of directors, its management development and compensation committee or our management to take any action regarding our executive compensation practices.

Vote Required. Because this proposal is a nonbinding advisory vote, there is no minimum requisite vote to approve the Say-on-Pay proposal. The proposed resolution provides that the affirmative vote of the majority of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, present in person or represented by proxy at the 2011 annual meeting and entitled to vote will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Accordingly, abstentions and broker non-votes will have the same effect as a vote against this proposal.

As already disclosed, NL is the direct holder of 86.9% of the outstanding shares of our combined class A and B common stock as of the record date and has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the Say-on-Pay proposal and adoption of the resolution that approves the compensation of our named executive officers as described in this proxy statement. If NL attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will adopt the resolution and approve the nonbinding advisory Say-on-Pay proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE SAY-ON-PAY PROPOSAL AS SET FORTH IN THE NONBINDING ADVISORY RESOLUTION APPROVING OUR NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 3

NONBINDING ADVISORY PREFERRED FREQUENCY FOR STOCKHOLDERS TO CONSIDER APPROVING EXECUTIVE COMPENSATION

Background of this Proposal. The Dodd-Frank Act also amended Section 14A of the Exchange Act to require publicly held companies to hold a separate nonbinding advisory stockholder vote with respect to the preferred frequency of the vote on subsequent Say-on-Pay proposals. Publicly held companies must give stockholders the choice of whether to cast a nonbinding advisory vote on the Say-on-Pay proposal every year, every other year or every third year, which we refer to as the "Say-When-on-Pay" proposal. After the initial vote is held, Section 14A of the Exchange Act, as amended by the Dodd-Frank Act, requires all publicly held companies to submit to their stockholders no less often than every six years a Say-When-on-Pay proposal. SEC rules require that:

- our stockholders also have the option to abstain from making a choice; and
- we disclose in the next periodic report we file with the SEC, our decision in light of the nonbinding advisory vote on the Say-When-on-Pay proposal how frequently we will include in our proxy materials a Say-on-Pay proposal.

Say-When-on-Pay Proposal. This proposal affords our stockholders the opportunity to submit a nonbinding advisory vote on how often we should include a Say-on-Pay proposal in our proxy materials for future annual stockholder meetings (or special stockholder meetings for which we must include executive compensation information in the proxy statement for that meeting). Under this proposal, stockholders may vote to have the Say-on-Pay proposal every year, every other year or every third year or abstain from voting. Stockholders are not voting to approve or disapprove the recommendation of our board of directors that we hold an annual vote on the Say-on-Pay proposal. We believe that giving our stockholders the right to cast an advisory vote every year on our executive compensation is a good corporate governance practice.

Effect of the Proposal. This Say-When-on-Pay proposal is nonbinding and advisory. Our board of directors may decide that it is in the best interests of us and our stockholders to hold a nonbinding advisory vote on the Say-on-Pay proposal more or less frequently than the option our stockholders choose by a plurality of the affirmative votes. We currently plan to follow the nonbinding advisory vote of our stockholders on this proposal.

Vote Required. Because there are multiple choices and this proposal is a nonbinding advisory vote, there is no minimum requisite vote to approve a certain frequency of future Say-on-Pay proposals. *Accordingly, if you indicate on your proxy card that you approve one of the options other than abstain, we will deem that you consent that a plurality of the affirmative votes of the holders of our outstanding class A and class B shares of common stock, voting together as a single class, will determine, on a nonbinding advisory basis, the frequency of future Say-on-Pay proposals preferred by our stockholders.* Since this proposal needs only receive the plurality of affirmative votes from the holders represented and entitled to vote at the meeting, an abstention or a broker/nominee non-vote on this proposal will have no effect on its outcome.

As already disclosed, NL is the direct holder of 86.9% of the outstanding shares of our combined class A and B common stock as of the record date and has indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the approval of an annual Say-on-Pay proposal. If NL attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will, on a nonbinding advisory basis, approve an annual Say-on-Pay.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE OPTION OF “1 YEAR” (AS OPPOSED TO TWO YEARS OR THREE YEARS) AS THE PREFERRED FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED A NONBINDING ADVISORY VOTE ON OUR NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

OTHER MATTERS

The board of directors knows of no other business that will be presented for consideration at the annual meeting. If any other matters properly come before the meeting, the persons designated as agents in the enclosed proxy card will vote on such matters in their discretion.
