PROXY STATEMENT  
-----

GENERAL INFORMATION

This proxy statement and the accompanying proxy card or voting instruction form are being furnished in connection with the solicitation of proxies by and on behalf of the board of directors (the "Board of Directors") of CompX International Inc., a Delaware corporation ("CompX"), for use at the 2001 Annual Meeting of Stockholders of CompX to be held on Thursday, May 10, 2001 and at any adjournment or postponement thereof (the "Meeting"). The accompanying Notice of Annual Meeting of Stockholders (the "Notice") sets forth the time, place and purposes of the Meeting. The Notice, this proxy statement, the accompanying proxy card or voting instruction form and CompX's Annual Report to Stockholders, which includes CompX's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 (the "Annual Report"), are first being mailed to the holders of CompX's class A common stock, par value \$0.01 per share ("CompX Class A Common Stock"), and CompX's class B common stock, par value \$0.01 per share ("CompX Class B Common Stock" and collectively with the CompX Class A Common Stock, the "CompX Common Stock"), on or about April 6, 2001. CompX's executive offices are located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

QUORUM, VOTING RIGHTS AND PROXY SOLICITATION

The record date set by the Board of Directors for the determination of stockholders entitled to notice of and to vote at the Meeting was the close of business on March 23, 2001 (the "Record Date"). As of the Record Date, there were 5,117,280 shares of CompX Class A Common Stock and 10,000,000 shares of CompX Class B Common Stock issued and outstanding. Each share of CompX Class A Common Stock entitles its holder to one vote on all matters to be acted on at the Meeting. Each share of CompX Class B Common Stock entitles its holder to ten votes with respect to the election of directors and one vote on all other matters to be acted on at the Meeting. The presence, in person or by proxy, of the holders of a majority of the votes of CompX Common Stock entitled to vote at

the Meeting, counted as a single class, is necessary to constitute a quorum for the conduct of business at the Meeting. Shares of CompX Common Stock that are voted to abstain from any business coming before the Meeting and broker/nominee non-votes will be counted as being in attendance at the Meeting for purposes of determining whether a quorum is present.

A plurality of the affirmative votes of the CompX Class A and Class B Common Stock, voting together as a single class, represented and entitled to be voted at the Meeting, is necessary to elect a director of CompX. The accompanying proxy card or voting instruction form provides space for a stockholder to withhold authority to vote for any or all of the nominees of the Board of Directors. Neither shares as to which the authority to vote on the election of directors has been withheld nor broker/nominee non-votes will be counted as affirmative votes to elect director nominees to the Board of Directors. However, since director nominees need only receive the vote of a plurality of the votes represented at the Meeting and entitled to vote, a vote withheld from a particular nominee will not affect the election of such nominee.

Except as applicable laws may otherwise provide, the approval of any other matter that may properly come before the Meeting will require the affirmative vote of a majority of the votes represented and entitled to vote at the Meeting. Shares of CompX Common Stock that are voted to abstain from any other business coming before the Meeting and broker/nominee non-votes will not be counted as votes for or against any such other matter.

Unless otherwise specified, the agents designated in the proxy card or voting instruction form will vote the shares represented by a proxy at the Meeting "FOR" the election of the nominees for director of the Board of Directors and, to the extent allowed by the federal securities laws, in the discretion of the agents on any other matter that may properly come before the Meeting.

Valcor, Inc. ("Valcor") directly holds 100% of the outstanding shares of CompX Class B Common Stock as of the Record Date, which represents approximately 66.1% of the outstanding shares of CompX Class A and B Common Stock combined. Valcor is a wholly owned subsidiary of Valhi, Inc. ("Valhi") and both are affiliates of Contran Corporation ("Contran"). Valhi directly holds approximately 7.3% of the outstanding shares of CompX Class A Common Stock as of the Record Date (approximately 2.5% of the combined voting power of the CompX Common Stock). Together Valcor and Valhi hold approximately 68.6% of the combined voting power of the CompX Common Stock (approximately 95.5% for the election of directors) as of the Record Date. Both Valhi and Contran are diversified holding companies that Harold C. Simmons may be deemed to control.

Valcor and Valhi have indicated their intention to have their shares of CompX Common Stock represented at the Meeting and voted "FOR" the election of each of the nominees for director of the Board of Directors. If Valcor alone attends the Meeting in person or by proxy and votes as indicated, the Meeting will have a quorum present and the stockholders will elect all the nominees for the Board of Directors.

Computershare Investor Services, L.L.C. or its successor ("Computershare"), the transfer agent and registrar for CompX Class A and Class B Common Stock as of the Record Date, has been appointed by the Board of Directors to ascertain the number of shares represented, receive proxies and ballots, tabulate the vote and serve as inspector of election at the Meeting.

Each holder of record of CompX Common Stock giving the proxy enclosed with this proxy statement may revoke it at any time prior to the voting of such stock at the Meeting by delivering to Computershare a written revocation of the proxy, delivering to Computershare a duly executed proxy bearing a later date or by voting in person at the Meeting. Attendance by a stockholder at the Meeting will not in itself constitute the revocation of such stockholder's proxy.

Employees participating in the CompX Contributory Retirement Plan, as amended (the "CompX 401(k) Plan"), who are beneficial owners of CompX Class A Common Stock under such plan may use the enclosed voting instruction form to instruct the plan trustee how to vote the shares held for such employees. The trustee will, subject to the terms of the plan, vote such shares in accordance with such instructions.

The Board of Directors is making this proxy solicitation. CompX will pay all expenses related to the solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to solicitation by mail, directors, officers and regular employees

of CompX may solicit proxies by telephone or in person for which such persons will receive no additional compensation. Upon request, CompX will reimburse banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of CompX Class A Common Stock that such entities hold of record.

#### ELECTION OF DIRECTORS

The bylaws of CompX provide that the Board of Directors shall consist of not less than one and not more than fifteen persons, as determined from time to time by the Board of Directors in its discretion. The Board of Directors has currently set the number of directors at six. The directors elected at the Meeting will hold office until the 2002 Annual Meeting of Stockholders and until their successors are duly elected and qualified or their earlier removal, resignation or death.

All of the nominees are currently directors of CompX whose terms will expire at the Meeting. All of the nominees have agreed to serve if elected. If any nominee is not available for election at the Meeting, a proxy will be voted "FOR" an alternate nominee to be selected by the Board of Directors, unless the stockholder executing such proxy withholds authority to vote for such nominee. The Board of Directors believes that all of its present nominees will be available for election at the Meeting and will serve if elected.

The Contran Deferred Compensation Trust No. 2 (the "CDCT No. 2") directly holds approximately 0.4% of the outstanding Valhi common stock. U.S. Bank National Association serves as trustee of the CDCT No. 2. Contran established the CDCT No. 2 as an irrevocable "rabbi trust" to assist Contran in meeting certain deferred compensation obligations that it owes to Harold C. Simmons. If the CDCT No. 2 assets are insufficient to satisfy such obligations, Contran must satisfy the balance of such obligations. Pursuant to the terms of the CDCT No. 2, Contran retains the power to vote the shares held by the CDCT No. 2,

retains dispositive power over such shares and may be deemed the indirect beneficial owner of such shares. Mr. Simmons, however, disclaims such beneficial ownership of the shares beneficially owned, directly or indirectly, by the CDCT No. 2, except to the extent of his interest as a beneficiary of the CDCT No. 2.

The Combined Master Retirement Trust (the "Master Trust") holds approximately 0.1% of the outstanding shares of Valhi common stock. Valhi established the Master Trust to permit the collective investment by master trusts that maintain the assets of certain employee benefit plans Valhi and related companies adopt. Harold C. Simmons is the sole trustee of the Master Trust and a member of the trust investment committee for the Master Trust. Paul M. Bass, Jr. is also a member of the trust investment committee for the Master Trust. Valhi's board of directors select the trustee and members of the trust investment committee for the Master Trust. Harold C. Simmons, Glenn R. Simmons and Steven L. Watson are members of Valhi's board of directors and along with David A. Bowers are participants in one or more of the employee benefit plans that invest through the Master Trust. Each of such persons disclaims beneficial ownership of the shares held by the Master Trust, except to the extent of his individual vested beneficial interest in the assets held by the Master Trust.

For purposes of calculating the percentage ownership of the outstanding shares of Valhi common stock as of the Record Date, 1,186,200 shares of Valhi common stock that a subsidiary of NL, Valhi's majority-owned titanium dioxide pigments subsidiary, directly holds and 1,000,000 shares of Valhi common stock that Valmont Insurance Company ("Valmont"), a wholly owned subsidiary of Valhi, directly holds are excluded from the amount of Valhi common stock outstanding. Pursuant to Delaware corporate law, Valhi treats these excluded shares as treasury stock for voting purposes.

(1) Pursuant to the rules of the SEC, the amounts under these columns reflect calculations at assumed 5% and 10% appreciation rates and, therefore, are not intended to forecast future appreciation, if any, of CompX Class A Common Stock. The potential realizable value to the optionees was computed as the difference between the appreciated value, at the expiration dates of the stock options, of the CompX Class A Common Stock obtainable upon exercise of such stock options over the aggregate exercise price of such stock options.

The amount of gain to the optionees is dependent on the amount of increase in the price of CompX Class A Common Stock, which would benefit all stockholders proportionately. These potentially realizable values are based solely on arbitrarily assumed rates of appreciation required by applicable SEC regulations. Actual gains, if any, on stock option exercises are dependent on the future performance of CompX Class A Common Stock, overall market conditions and the timing of the exercise thereof by each respective optionee. There can be no assurance that the amounts reflected in the table will be achieved.

(2) This stock option is exercisable for shares of CompX Class A Common Stock and becomes exercisable at a rate of 20% on each of the first five anniversary dates of the date of grant. The exercise price for this stock option can be paid in already owned shares of CompX Class A Common Stock, provided such tendered shares were held by the optionee for at least six months.

(3) The appreciated value per share on May 11, 2010, based on the \$19.25 per share market value of a share of CompX Class A Common Stock on May 11, 2000, would be \$31.36 and \$49.93 at the hypothetical 5% and 10% rates, respectively.

(4) The appreciated value per share on February 10, 2010, based on the \$18.38 per share market value of a share of CompX Class A Common Stock on February 10, 2000, would be \$29.94 and \$47.67 at the hypothetical 5% and 10% rates, respectively.

(5) Since none of the 50,000 shares underlying Mr. Compofelice's stock option granted in 2000 had vested on his resignation date of October 20, 2000, the entire stock option was canceled as of his resignation date.

(6) Since only 5,000 of the 25,000 shares underlying Mr. Miller's stock option granted in 2000 had vested on his resignation date of March 2, 2001, Mr. Miller may only exercise 5,000 of these shares and the balance of the shares underlying the stock option were canceled as of his resignation date.

(7) The \$116,059,000 and \$236,971,000 amounts shown represent the cumulative increase in value stockholders would receive on all outstanding shares of CompX Class A Common Stock over a ten-year period at the hypothetical 5% and 10% appreciation rates, respectively, based on the \$18.38 per share market value of the 6,147,380 shares of CompX Class A Common Stock outstanding on the close of business on February 10, 2000 and the reinvestment of cash dividends paid at a rate equal to CompX's current cash dividend payments of \$0.125 per share per calendar quarter.

Dammers Employment Agreement. Pursuant to an employment agreement dated August 30, 1999 between CompX and Wouter J. Dammers, Thomas Regout employs Mr. Dammers as its managing director. The agreement provides Mr. Dammers a gross annual salary of NLG 320,000, including a holiday allowance, and participation in the CompX variable compensation plan and the 1997 Plan. Under the agreement, Thomas Regout provides Mr. Dammers with an automobile with a value of approximately NLG 100,000 that he may use for his private purposes, supplemental sickness or disability insurance payments and certain other benefits. Mr. Dammers must protect CompX's confidential information as provided in the agreement. Thomas Regout is entitled under the agreement to any patents arising from inventions that Mr. Dammers may develop while employed with Thomas Regout and for a period of one year after his termination. The agreement terminates for reasons other than cause upon three months notice from Mr. Dammers or six months notice from Thomas Regout. Mr. Dammers' severance pay in the event of termination of employment for reasons other than cause is 18 months of base pay.

Cause is defined in the agreement as a breach by Mr. Dammers of his fiduciary responsibility or engaging in an illegal activity that harms Thomas Regout. Dutch law governs the agreement.

Mr. Dammers' employment agreement also provides for Mr. Dammers and Thomas Regout to share the expense of private supplemental pension insurance for his benefit. Mr. Dammers established the private supplemental pension insurance before he became an employee of Thomas Regout. Pursuant to the agreement, Mr. Dammers continues to purchase supplemental pension insurance. Under the insurance, Mr. Dammers' pension benefits after retirement at 65 years of age are determined annually by taking his annual salary less the maximum salary insured through the Dutch General Old Age Pensions Act multiplied by his years of service and 2.0%. The compensation eligible to be utilized for purposes of the pension benefits while Thomas Regout employs Mr. Dammers includes only the annual salary that Thomas Regout pays Mr. Dammers. See "--Summary of Cash and Certain Other Compensation of Executive Officers." The supplemental pension insurance also provides for payments upon Mr. Dammers' death of a widow's pension of 70% of Mr. Dammers' retirement pension benefits and an orphan's pension of 20% of the widow's pension benefits per orphan up to 40%, to be paid until the orphan reaches the age of 18. Mr. Dammers pays one-third of the supplemental pension insurance premiums, which amounts are withheld from his salary. Thomas Regout pays the balance of the supplemental pension insurance premiums. At December 31, 2000, Mr. Dammers' pension benefits under the supplemental pension insurance attributable to his 1.25 years of service with Thomas Regout was \$3,361 (NLG 8,000) per annum payable after retirement at age 65.

Mr. Dammers has an additional agreement with CompX that he will be reimbursed in 2001 for up to NLG 200,000 for his expenses in relocating to Maastricht, the Netherlands.

#### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires CompX's executive officers, directors and persons who own more than 10% of a registered class of CompX's equity securities to file reports of ownership with the SEC, the New York Stock Exchange, Inc. and CompX. Based solely on the review of the copies of such forms and representations by certain reporting persons, CompX believes that for 2000 its executive officers, directors and 10% stockholders complied with all applicable filing requirements under Section 16(a).

#### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2000, the MD&C Committee deliberated on certain CompX executive officer compensation. The MD&C Committee is currently comprised of Paul M. Bass, Jr. (chairman) and Ann Manix, both nonemployee directors of CompX.

#### COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

The MD&C Committee consists of individuals who are neither officers nor employees of CompX or its subsidiaries. The MD&C Committee reviews and approves certain compensation policies and practices related to CompX's executive officers and other employees, including stock-based compensation. See "Meetings and Committees of the Board of Directors - Management Development and Compensation Committee."

CompX's executive compensation system generally consists of three primary components: salary, annual operating income award compensation and stock-based compensation, including stock options, restricted stock and/or stock appreciation rights. Through the use of the foregoing, the MD&C Committee seeks to achieve a balanced compensation package that will attract and retain high quality key executives, appropriately reflect each such executive officer's individual performance, contributions, and general market value, and provide further incentives to the executive officers to maximize annual operating

performance and long-term stockholder value.

#### Annual Salaries

Base salaries for executive officers of CompX have been established on a position-by-position basis. The chief executive officer conducts annual internal reviews of executive officer salary levels in an attempt to rank salary and job value to each position. The chief executive officer then makes recommendations on salaries to the MD&C Committee. The MD&C Committee reviews the chief executive officer's recommendations regarding changes in salaries for executive officers. When recommendations regarding changes in salary levels are made by the chief executive officer, the MD&C Committee may take such actions, including any modifications to the recommendation, as it deems appropriate. The determinations of the MD&C Committee may be based primarily on a subjective evaluation of past and potential future individual performance and contributions and alternative opportunities that might be available to the executives in question. The MD&C Committee may also review compensation data from companies employing executives in positions similar to those whose salaries were being reviewed as well as market conditions for executives in general with similar skills, background and performance levels, both inside and outside of CompX's businesses (such companies may include companies contained in the peer group index plotted on the Performance Graph following this report), and other companies with similar financial and business characteristics as CompX, or where the executive in question has similar responsibilities.

The MD&C Committee based its actions regarding executive officer 2000 salaries primarily upon the chief executive officer's recommendations with regard to all executive officers and its general business knowledge. In 2000, no specific survey or study was utilized to make salary determinations. In February 2000, the MD&C Committee approved executive officer salary increases for 2000 for three executive officers, other than the chief executive officer. No action was taken with respect to the 2000 salaries of any of the other executive officers of CompX.

For newly hired executive officers in 2000, the chief executive officer determined, in his best business judgment, their annual base salaries based upon his general business knowledge.

#### Annual Variable Compensation

Operating income awards under the variable compensation plan constitute a significant portion of an executive's potential annual cash compensation (between 0% and 150% of salary for the chief executive officer and certain executive officers). Operating income awards are based on CompX and/or business units of CompX achieving annual predetermined operating income goals. CompX's management makes recommendations to the Board of Directors regarding the operating income plan for the year after reviewing market conditions and CompX's operations, competitive position, marketing opportunities and strategies for maximizing financial performance. The Board of Directors approves this recommendation with modifications it deems appropriate. Based on the business plan for the year, the MD&C Committee sets CompX's and its business units' operating income goals at three levels that are designed to help focus CompX's executives on achieving superior annual operating results in light of existing conditions: a threshold level, which is the minimum operating income level for any operating income award to be made under the variable compensation plan (the "Minimum Level"), a target level (the "Target Level") and a maximum level (the "Maximum Level"). An operating income award, in combination with salary, is designed to result in executive officers and other eligible participants receiving annual cash compensation below competitive compensation levels if the Minimum Level is not achieved.

Pursuant to the variable compensation plan, if operating income is below the Minimum Level, no operating income award is paid. The MD&C Committee, however, does have discretion under the variable compensation plan to award discretionary bonuses to certain executive officers. If the Minimum Level is met, executive officers are eligible to receive operating income awards that in 2000 ranged between 10% and 50% of salary, depending on the executive. If the Target Level is reached, the range of operating income awards is higher, and in 2000 ranged between 10% and 100% of salary, depending on the executive. If the Maximum Level is reached or exceeded, executives are eligible to receive the highest operating income awards, and in 2000 this range of operating income awards for which executives were eligible was between 10% and 150% of salary, depending on the executive.

As a result of CompX achieving 2000 operating income below the Minimum

Level, no executive officer whose award was based entirely on CompX's operating income received an operating income award for 2000. The 2000 operating income awards of two of the executive officers, however, were partially based on a respective business unit of CompX that achieved operating income above one of the unit's operating income goals. Accordingly, in the first quarter of 2001 the MD&C Committee awarded an operating income award for 2000 to each such executive officer based on the achieved operating income goal of the unit to which such executive officer's operating income award was partially based. CompX's executive officers who were hired during 2000 were not eligible to receive operating income awards.

Upon the recommendation of CompX management, the MD&C Committee decided to award certain of the executive officers and other employees discretionary bonuses under a discretionary provision of the variable compensation plan. One executive officer that CompX hired during 2000 who was not eligible for an operating income award received a discretionary bonus representing 9% of such officer's annualized base salary. The two executive officers who received operating income awards for 2000 received additional discretionary bonuses ranging from 6% to 23% of such officer's base salary. The executive officers who were eligible but did not receive any operating income award for 2000 received discretionary bonuses ranging from 21% to 25% of such officer's base salary. The MD&C Committee decided to award a discretionary bonus based upon the committee's belief that such bonus was necessary to retain such individual or to reflect such individual's contributions to CompX in 2000.

One executive officer hired in 2000 received a sign-on bonus that represented 25% of his base salary, which bonus amount the chief executive officer determined in his best business judgment based upon his general business knowledge.

The 2000 operating income awards or discretionary bonuses the named executive officers received pursuant to the variable compensation plan are in the bonus column in the Summary Compensation Table set forth above.

#### Stock-Based Compensation

The 1997 Plan supports the goal of maximizing long-term stockholder value by providing for stock-based compensation, the value of which is directly related to increases in stockholder value. Stock option grants, in particular, are considered a significant element of CompX's total compensation package for the chief executive officer and the other executive officers of CompX. The MD&C Committee believes that compensation linked to stock price performance helps focus the executives' attention on management of CompX from the stockholders' perspective.

Stock option grants are intended to provide incentives to increase stockholder value in the future and to reward past performance by the executive. In 2000, the MD&C Committee reviewed recommendations by the chief executive officer regarding stock option grants to executive officers. The MD&C Committee granted stock options to executive officers based on the chief executive officer's recommendations. The chief executive officer based his recommendations on a subjective evaluation regarding each executive's performance and responsibilities. In 2000, the chief executive officer included in his recommendations regarding the number of options to be granted to each executive officer the amount and terms of options already held by such officers. Stock options granted to named executive officers in 2000 are reported in the Option Grants in 2000 table set forth above.

To help assure a focus on long-term creation of stockholder value, in 2000 the MD&C Committee granted stock options with a term of ten years that vest 20% on each of the first five anniversaries of the stock option's date of grant. Although permitted under the 1997 Plan, the MD&C Committee in 2000 did not grant any restricted stock, stock appreciation rights or other equity-based awards to employees.

#### Tax Code Limitation on Executive Compensation Deductions

In 1993, Congress amended the Internal Revenue Code to impose a \$1.0 million deduction limit on compensation paid to the chief executive officer and the four other most highly compensated executive officers of public companies, subject to certain transition rules and exceptions for compensation received pursuant to non-discretionary performance-based plans approved by such company's shareholders. It is CompX's general policy to structure the performance-based portion of the compensation of its executive officers in a manner that permits CompX to deduct fully such compensation.

The foregoing report is submitted by the following individuals in the capacities indicated:

Paul M. Bass, Jr.  
Chairman of the MD&C Committee

Ann Manix  
Member of the MD&C Committee

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Relationships with Related Parties. As set forth under the caption "Security Ownership," Harold C. Simmons, through Contran, may be deemed to control CompX. CompX and other entities that may be deemed to be controlled by or affiliated with Mr. Simmons sometimes engage in (a) intercorporate transactions such as guarantees, management and expense sharing arrangements, shared fee arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties and (b) common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of a publicly held minority equity interest in another related party. CompX continuously considers, reviews and evaluates and understands that Contran and related entities consider, review and evaluate transactions of the type described above. Depending upon the business, tax and other objectives then relevant, it is possible that CompX might be a party to

one or more of such transactions in the future. In connection with these activities CompX may consider issuing additional equity securities or incurring additional indebtedness. CompX's acquisition activities may in the future include participation in the acquisition or restructuring activities conducted by other companies that may be deemed to be controlled by Mr. Simmons. It is the policy of CompX to engage in transactions with related parties on terms, in the opinion of CompX, no less favorable to CompX than could be obtained from unrelated parties.

No specific procedures are in place that govern the treatment of transactions among CompX and its related entities, although such entities may implement specific procedures as appropriate for particular transactions. In addition, under applicable principles of law, in the absence of stockholder ratification or approval by directors who may be deemed disinterested, transactions involving contracts among companies under common control must be fair to all companies involved. Furthermore, directors owe fiduciary duties of good faith and fair dealing to all stockholders of the companies for which they serve.

**Intercorporate Services Agreements.** Under the Valhi ISA, Valhi renders or provides for certain management, financial and administrative services to CompX on a fee basis. Such fees are based upon estimates of time devoted to the affairs of CompX by the individual providers of such services and Valhi's costs for providing such services. CompX paid Valhi fees of \$556,000 for services rendered under the Valhi ISA in 2000. In addition, Valhi charged CompX for the out-of-pocket costs incurred in rendering such services. The Valhi ISA automatically extends on a quarter-to-quarter basis, subject to termination by either party pursuant to written notice 30 days prior to a quarter-end, and may be amended by mutual agreement.

Under the ISA between CompX and NL (the "NL ISA"), NL made available to CompX on a fee basis certain accounting and internal auditing services and occupancy and related office services for CompX's offices in Houston, Texas. Such fees were based upon estimates of NL's costs of providing such services to CompX. For 2000, CompX paid NL fees of approximately \$180,000 for such services. The NL ISA was terminated in the first quarter of 2001.

**Insurance Commissions.** Tall Pines Insurance Company ("Tall Pines"), Valmont and EWI RE, Inc. ("EWI") provide for or broker certain of CompX's insurance policies. Tall Pines is a wholly owned captive insurance company of Tremont. Valmont is a wholly owned captive insurance company of Valhi. Parties related to Contran own all of the outstanding common stock of EWI. Through December 31, 2000, a son-in-law of Harold C. Simmons managed the operations of EWI. Subsequent to December 31, 2000, such son-in-law provides advisory services to EWI as requested by EWI. Consistent with insurance industry practices, Tall Pines, Valmont and EWI receive commissions from the insurance and reinsurance underwriters for the policies that they provide or broker. During 2000, CompX and its subsidiaries paid approximately \$619,000 for policies provided or brokered by Tall Pines, Valmont and/or EWI. These amounts principally included payments for reinsurance and insurance premiums paid to unrelated third parties, but also included commissions paid to Tall Pines, Valmont and EWI. In CompX's opinion, the amounts that CompX and its subsidiaries paid for these insurance policies are reasonable and similar to those they could have obtained through unrelated insurance companies and/or brokers. CompX expects that these relationships with Tall Pines, Valmont and EWI will continue in 2001.

**Compofelice Severance.** Pursuant to a Release Agreement effective November 6, 2000 between CompX and Joseph S. Compofelice, CompX paid Mr. Compofelice \$500,000 in consideration of a general release from Mr. Compofelice of CompX and its affiliates. In addition, CompX paid Mr. Compofelice \$22,894 as a severance payment to compensate Mr. Compofelice for his not receiving an employer match under the CompX 401(k) Plan or the CAPP Plan for 2000. Both payment amounts are disclosed in Mr. Compofelice's 2000 compensation in the "Summary Compensation Table" above under the column "All Other Compensation."

**Executive Relocation Costs.** In connection with Julian M. Steinberg's employment with CompX and his relocation to Grand Rapids, Michigan, on July 11, 2000, CompX loaned Mr. Steinberg \$100,000 at no interest. The loan is a short-term bridge loan that is due three days after Mr. Steinberg sells his former residence in Ohio. The loan is non-transferable and conditioned upon Mr. Steinberg's remaining employed with CompX or its subsidiaries. The use of the proceeds of the loan was limited to the purchase of a principal residence in the vicinity of Grand Rapids, Michigan. Mr. Steinberg has not sold his former residence in Ohio and the entire principal balance of the loan currently remains unpaid.

In connection with Robert L. Janson's employment with CompX and his relocation to Houston, Texas from California, CompX paid \$133,804 of his relocation costs, which includes an amount to pay his related income taxes on CompX's payment of certain of his relocation costs.

INDEPENDENT AUDITOR MATTERS

Independent Auditors. The firm of PricewaterhouseCoopers LLP served as CompX's independent auditors for the year ended December 31, 2000. CompX's audit committee has appointed PricewaterhouseCoopers LLP to review CompX's quarterly unaudited consolidated financial statements to be included in its Quarterly Reports on Form 10-Q for the first three quarters of 2001. CompX expects PricewaterhouseCoopers LLP will be considered for appointment to audit CompX's annual consolidated financial statements for the year ending December 31, 2001. Representatives of PricewaterhouseCoopers LLP are not expected to attend the Meeting.

Audit Committee Report. The audit committee of the Board of Directors is composed of three directors, all of whom are independent within the meaning of New York Stock Exchange listing standards. The audit committee operates under a written charter the Board of Directors adopted. A copy of the charter is attached as Exhibit A to this proxy statement. CompX's management is responsible for preparing CompX's consolidated financial statements in accordance with accounting principles generally accepted in the United States. CompX's independent auditors are responsible for auditing CompX's consolidated financial statements in accordance with auditing standards generally accepted in the United States. The audit committee serves as an independent and objective party to review CompX's auditing, accounting and financial reporting processes.

The audit committee has reviewed and discussed CompX's audited consolidated financial statements for the year ended December 31, 2000 with CompX's management and independent auditors. The audit committee discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees), received written disclosures from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditors their independence. The audit committee also considered whether the independent auditors' provision of non-audit services to CompX and its subsidiaries is compatible with such auditors' independence. Additionally, the audit committee discussed with CompX's management and the independent auditors such other matters as the committee deemed appropriate. Based on the audit committee's review of CompX's audited consolidated financial statements and the audit committee's discussions with CompX's management and independent auditors, the audit committee recommended to the Board of Directors that CompX's audited consolidated financial statements for the year ended December 31, 2000 be included in CompX's Annual Report on Form 10-K for the year ended December 31, 2000, which has been filed with the SEC.

The audit committee assists the board of directors in fulfilling its oversight responsibilities relating to the financial accounting and reporting practices of the corporation. The audit committee's primary responsibilities are to serve as an independent and objective party to review the corporation's auditing, accounting and financial reporting processes. The audit committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Article V of this charter.

ARTICLE II.  
RELATIONSHIP WITH THE OUTSIDE AUDITORS

The corporation's outside auditors are ultimately responsible to the board of directors and the audit committee. The board of directors, acting through the audit committee, has the ultimate authority and responsibility to select, evaluate and replace the outside auditors.

Management is responsible for preparing the corporation's financial statements. The corporation's outside auditors are responsible for auditing the financial statements. The activities of the audit committee are in no way designed to supersede or alter these traditional responsibilities.

The corporation's outside auditors, management and internal auditors have more available time and information about the corporation than does the audit committee. Accordingly, the audit committee's role does not provide any special assurances with regard to the corporation's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the outside auditors.

ARTICLE III.  
COMPOSITION

The audit committee shall be comprised of three or more directors as determined by the board. The board of directors shall also designate a chairperson of the audit committee. Each member of the audit committee shall be independent of management of the corporation and shall have no relationship that might, in the business judgment of the board of directors, interfere with the exercise of his or her independent judgment. The members of the audit committee shall satisfy at all times the requirements for audit committee membership of any exchange on which the corporation's securities are listed or of any applicable law. The board of directors shall determine, in its business judgment, whether the members of the audit committee satisfy all such requirements.

ARTICLE IV.  
MEETINGS

The audit committee shall meet regularly and as circumstances dictate. Regular meetings of the audit committee may be held without notice at such time and at such place as shall from time to time be determined by the chairperson of the audit committee, the president or the secretary of the corporation. Special meetings of the audit committee may be called by or at the request of any member of the audit committee, any of the corporation's executive officers, the secretary, the director of internal auditing or the outside auditors, in each case on at least twenty-four hours notice to each member.

If the board of directors, management, the director of internal auditing or the outside auditors desire to discuss matters in private, the audit committee shall meet in private with such person or group.

A majority of the audit committee members shall constitute a quorum for the transaction of the audit committee's business. Unless otherwise required by applicable law, the corporation's charter or bylaws or the board of directors, the audit committee shall act upon the vote or consent of a majority of its members at a duly called meeting at which a quorum is present. Any action of the audit committee may be taken by a written instrument signed by all of the members of the audit committee. Meetings of the audit committee may be held at such place or places as the audit committee shall determine or as may be specified or fixed in the respective notices or waivers of a meetings. Members of the audit committee may participate in audit committee proceedings by means of conference telephone or similar communications equipment by means of which all persons participating in the proceedings can hear each other, and such participation shall constitute presence in person at such proceedings
